ROSES,
BULBS,
PLANTS,
SEEDS.

THE GOOD & REESE CO
CHAMPION CITY GREENHOUSES.

SPRINGFIELD, OHIO.

LARGEST ROSE GROWERS IN THE WORLD.

CHOICE ROSES AT FIVE CENTS.

OUR "RAINBOW" COLLECTION OF

TWENTY ROSES FOR ONE DOLLAR.

PREPAID BY MAIL.

The Roses we send are on their own roots, and will bloom freely this Summer, either in pots or planted in the yard. They are hardy ever-bloomers. We send instructions with each order how to plant and care for them. Please examine the below list of twenty choice fragrant monthly Roses, and see if you can duplicate them anywhere for an amount so small as ONE DOLLAR. They are nearly all new kinds. We guarantee them to reach you in good condition.

We cannot allow customers to select one or two, or half of the collection at 5 cents each. Neither can we make changes in the collection. Even if you have several plants of some of the kinds offered, you can stand another one at 5 cents.

We guarantee this collection to be the best Dollar's worth of Roses by far you have ever purchased.

Price, large two-year-old plants of any of these Roses, 30 cents each; four for \$1.00; or the twenty Roses in two-year-old plants for \$4.00. Any ten for \$2.00.

General R. E. Lee.—(New.) More plants of this Rose have been sold in the past four years than of any other four varieties grown. It has been accorded a warm place in Rose lovers' hearts because it merits all the compliments that can be bestowed on it. In color it is a beautiful shade of yellow that is indescribable.

Princess Bonnie.—(New.) A lovely Rose of the richest deep crimson. Very free bloomer. Extra fine.

Media.—(New.) The color is a rich, deep golden-yellow, exceedingly bright and striking, and both buds and flowers are large and elegantly formed, fully double, a quick and constant bloomer, quite fragrant. If you want a good, deep yellow Rose that is a good bloomer, plant Media.

Ruby Gold.—The color is a beautiful amber-yellow, deepening towards the center to orange or coppery-yellow, delicately tinged and shaded with crimson, distinctly edged with carmine, long, pointed bud, extra large flower, fine, globular form, very double and full, and exceedingly sweet. Very chaste and waxy in appearance. Superb.

Madame Jules Finger.—No variety surpasses it in delicate coloring. Pure snow-white, without a trace or shade of any other color. Its petals are so immaculately pure and chaste that it appears wax-like in texture.

Madame de Watteville.—The bicolor variety. Deep pink blooms, each petal broadly and plainly edged with bright red. Very desirable.

Maman Cochet.—(New.) In bud it resembles the Mermet family, being long and shapely, borne on long, stiff stems. The color is a deep, rosy-pink, the inner side of the petals being silver-rose, shaded and touched with golden-yellow. We pronounce this the finest Rose for the garden by far that France has produced for a number of years.

Mademoiselle Franciska Kruger.—It has the form, color and substance of those very choice and valuable varieties which only come occasionally. Superb elongated buds, and extra large blooms. Color an intensely scarlet-crimson, very rich and bright, shaded with salmon-yellow or buff-rose at center.

Child's Jewel.—(New.) A Rose that changes its color, or that has Roses of various colors on the bush at one time. We have seen bushes of this wonderful variety bearing at the same time coppery-yellow, deep rose-blush, pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower.

Senator McNaughton.—(New.) One of the most beautiful Roses grown. It will please everybody. Color pure white, blended with deep golden-yellow.

The
"Rainbow"
Collection of
Twenty
Roses for
One Dollar
must be
Ordered
Complete.

Kaiserin Augusta Victoria.—(New.)

This is the very best pure white ever-blooming Rose that we know. Its large, handsome buds of elegant double flowers, when full blown, are a sight to see. It is a constant bloomer.

Queen of Fragrance.—The blooms usually come in clusters of from six to ten Roses. They are of the largest size. Color pure white, sometimes edged and tinged with a delicate shell-pink, and the fragrance is simply delicious.

Joan of Arc.—A pure show-white Rose, makes good, finely-formed buds, is quite full and double. Very fragrant. It is a great Rose for bedding. Always full of flowers.

Princess Sagan.—The flowers of this variety are the richest crimson of any Rose in our vast collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness. It could well be termed "The Velvet Rose."

Innocent Pirola.—(New.) No pure white Rose we know of can compare with this charming variety for its lovely large buds of exquisite shape and delicious fragrance.

Souvenir of Wootton.—A very desirable red Rose of the richest shade. Blooms in clusters. None better.

Grace Darling.—It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy-flesh, paler at the base of the petals, and deepening at the edge. Apt to come in clusters, which are excellent for cutting. This grand Rose has more perfume than any that we offer. Try it. It is magnificent.

Mrs. W. C. Whitney.—(New.) Color a rich, silvery-pink, delicately shaded with fine, rosy-blush. Very double and attractive, while its delightful perfume is perfectly entrancing.

Viscountess Folkestone.—(New.) One notable peculiarity of this variety is its long, elegant buds, often two or three inches long, while the expanded flowers are of immense size. Another strong point is its lovely color. Very fragrant.

Bridesmaid.—(New.) By far the best deep pink Rose. It is a Rose that all can succeed with. Be sure and plant it.

HARDY EVER-BLOOMING ROSES

15 HARDY EVER-BLOOMING ROSES FOR ONLY \$1.00.

OUR

"SUNSET"
Collection.

We have often been asked to name the hardiest Roses that are ever-bloomers. We have combined in this collection only such kinds as bloom freely, and that will stand zero weather. If you want Roses that are hardy enough to stand cold Winters and that bloom all Summer, you want the "Sunset" Collection. In ordering, say "Sunset" Collect on of Roses, and we will know what you want.

SPECIAL OFFER.—Four Collections for \$3.00.

Large two-year-old plants of any of these Roses, 30 cents each; or any four for \$1.00; or the entire set of fifteen Roses, in two-year-old plants, for \$3.00.

SPECIAL OFFER.—Three Sunset Collections for \$2.50.

Clothilde Soupert.—The color is a French white, deepening to a rosy-blush in the center. Its greatest value lies in its wonderful profusion of bloom, even the smallest plants being literally covered with flowers. Even in mid-Summer a bouquet of splendid buds and open flowers can be obtained from this fine variety.

White La France—This new Rose had prominence from the time of its introduction. It is identical with La France except its color, which is almost pure white. The shading of fawn it has only enhances its beauty. A grand Rose.

Dinsmore.—It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses.

Mrs. DeGraw.—From early Summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses; thus it is certain to be unequalled for the garden or cemetery. A royal Rose.

Summer Queen.—We have thoroughly tested it, and can recommend it as being entirely hardy. It is of such vigorous growth that if planted close to a wall or fence it may be trained like a climbing Rose. In color it is a bright, silvery-pink, full and double.

Madame Isaac Pereire.—Very hardy and a constant bloomer. It has large, beautiful foliage, and is a vigorous grower. The flowers are a beautiful, vivid carmine, and bloom throughout the season.

Duchess of Albany.—The best pink Rose by far ever introduced. A beauty.

Maurice Bouvier.—Its blossoms are perfectly double to the center, while its color is a degree of loveliness which few Roses can equal, being a rich, deep, rosy-pink, darker and richer than Hermosa, and a shade the delicate richness of which is seldom seen.

Countess of Roseberry.—We have in this very charming variety probably the most beautiful Rose grown. The color is a satiny-pink in the center, and deepens to the outer petals to a bright rose. This feathery shading gives it the appearance of two distinct colors. It has completely captivated us. Very free-flowering.

La France.—Too well known to need description. It is acknowledged every where as the "Queen of Roses."

Madame Schwaller.—It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright, rosy-flesh, paler at the base of the petals, and deepening on the edges. This grand Rose has more perfume than any that we offer. Try it. It is magnificent.

La France of '89.—One notable peculiarity of this variety is its long, elegant buds, which are often two or three inches long, while the expanded flowers are of immense size. Another strong point is its bright color, which is very nearly scarlet, sometimes lined and bordered with pure white.

Striped La France.—Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower; in fact, differs not from it except in color. It is nicely striped, the marking being plain and distinct, the variegation being a beautiful bright rose on a satin-pink ground.

Meteor.—A velvety-red ever-bloomer of the deepest glowing crimson. As fine as a Hybrid. A beautiful open Rose, a free bloomer, and a very excellent pot Rose.

Captain Christy.—The flowers are of magnificent form, very double, and stand erect in their martial bearing. Color a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. It is a free bloomer.

NEW AND CHOICE EVER-BLOOMING ROSES.

FOR HOUSE CULTURE OR OUT-DOOR PLANTING.

We have taken great pains to cull from this list Roses of no special value. Our customers can rely on the Roses in this list to be the best of the old and new varieties of ever-bloomers. These Roses will all bloom this Summer.

Price, 10 cents each; any six, of your own selection, for 50 cents; any fifteen for \$1.00. Large two-year-old Roses, from this list, 30 cents each, or four for \$1.00.

Augustine Halem.—(New.) Bright rosy-red, very sweet, large blooms. This is truly a rival of American Beauty.

American Beauty.—This is a Rose that charms everybody. Color a bright rosy-red, very sweet.

American Belle.—Richest deep scarlet. Extra

Briarmaid.—(New.) The loveliest of all pink Roses.

Beaute Inconstante.—(New.) A Rose that changes its color from yellow to crimson. Sometimes has Roses of five or six distinct colors at one time. Perfectly wonderful.

Beauty of Stapleford.—Bright pink and rich, rosy crimson.

Belle Seibracht.—(New.) The most lovely pink Rose ever introduced.

Catherine Mermet.—One of the most fashionable shades for cut flowers. Color a clear, rosy-pink, large.

Comtesse de Frigneuse.—The buds are long and pointed, like Niphotos. The color is a deep, golden-yellow, large and full.

Champion of the World.—(New.) A rich, deep, rosy-pink, very free bloomer and deliciously fragrant. Hardy. Considered the finest of all Roses.

Clothilde Soupert.—The best of all pot Roses. Literally loaded with blooms, pure white, pink center. Very beautiful.

Christine de Neve.—(New.) Color a rich crimson, deeper center, large, broad petals. A most beautiful Rose.

Crown Princess Victoria.—(White Malmaison.) (New.) Identical with Malmaison, except that the color is white. A Rose that none should be without. A charming variety.

Countess Anna Thun.—Color a beautiful citron-yellow, with copper and peach center. A wonderful Rose.

Cleopatra.—An extra large Rose with long, pointed bud. Color a soft shell-pink.

Child's Jewel.—Has flowers of different colors. Lovely.

Duchess de Brabant.—This is another old-time favorite. Color a beautiful rose, tinged amber in the center. Everybody plants this variety.

Duchess of Albany.—Identical with La France, except that the color is much deeper. A most charming Rose in every particular.

Devonensis.—Magnolia fragrance, creamy-white color.

Dr. Grill.—Coppery-yellow color, with tawny reflex.

Duchess of Edinburgh.—Large buds of an intense dark crimson. Very beautiful.

Etoile de Lyon.—Many claim this to be the best of deep, golden-yellow Roses. Excellent for out doors.

Ella May.—A lovely shade of coppery-yellow.

General Robert E. Lee.—(New.) Color orange-yellow, shaded white. Very rich and beautiful. The best Rose extant. A small bush will produce hundreds of blooms.

Grace Darling.—Color porcelain-rose, shaded crimson.

Golden Gate.—(New.) Color a rich, creamy-white, beautifully tinged with golden-yellow. A very choice Rose.

Hermosa.—Beautiful pink flowers, borne in clusters.

Henry M. Stanley.—(New.) A rare shade of amber-rose, delicately tinged with apricot-yellow towards the center.

J. B. Varrone.—(New.) Scarlet-crimson and buff color. Rich and bright.

Kaiserin Augusta Victoria.—(New.) Pure white. A superb Rose in every respect. Hardy.

Luciole.—Unequaled in its delightful coloring and size of buds. Color bright carmine-rose, shaded yellow.

Letty Coles.—Color a soft, rosy-pink, shaded with intense crimson. Of the largest size. Exquisite.

La France.—Too well known to need description. Everybody's favorite.

Leonie Osterrieth.—The white Soupert. Very desirable.

Media.—(New.) A grand yellow Rose of the largest size.

Madame Scipion Cochet.—Color a soft Primrose-yellow, with rose shadings. A grand bedding Rose.

Mrs. W. C. Whitney.—(New.) Rich silvery-pink, delicately shaded with fine rosy-blush.

Madame Caroline Testout.—(New.) Color a brilliant satiny-rose, deepening to clear red, exquisitely edged with silvery-pearl. A superb Rose in every respect.

Madame Eli Lambert.—A rich, creamy-white, tinted pale golden-yellow, bordered flesh. An exquisite Rose.

Madame Hoste.—Long, pointed buds, of pure white.

Madame Pierre Guillot.—The buds are large, creamy-white, bordered with bright, rich red.

Malmaison.—This is certainly one of the choicest of all Roses. The color is a beautiful, rich, creamy-flesh, shaded clear peach, with rose center.

Madame Welche.—Color amber-yellow and crimson-rose. It is charming.

Marion Dungee.—(New.) Deep, brilliant, dark crimson. Probably the darkest and richest Tea Rose.

Madame de Watteville.—This is called the Tulip Rose. Color a rosy-blush, mildly bordered with bright crimson. Exquisitely beautiful.

Mademoiselle Franciska Kruger.—Probably the best all round budding Rose we have. Its shadings of deep coppery-yellow stand unique and distinct.

Maman Cochet.—(New.) Don't fail to try this beautiful Rose. Color a deep rose-pink, shaded and touched with yellow. Superbly grand.

Meteor.—This Rose ranks at the head of all the dark, rich, red Roses. None better.

Mrs. Degraw.—The color is a rich, glossy pink. Hardy. A premier Rose in every respect.

Mad me Schwaller.—A deep, rich pink, blooms in clusters of from five to twenty Roses. A great garden Rose.

Mademoiselle Cecil Berthod.—A deep, rich, golden-yellow. A superb variety.

Nosella.—(New.) The yellow Soupert. Nothing finer.

Niphotos.—A most elegant white Tea Rose, with enormous buds over three inches in length.

Princess of Wales.—Color a beautiful amber-yellow, deepening towards the center to orange or coppery-yellow, tinged and shaded crimson.

Perle des Jardins.—Clear golden-yellow, very rich and beautiful. Constantly grows in favor.

Papa Gontier.—Immense buds, color a rich, bright red, passing to a clear, glowing crimson. One of the best.

Princess Sagan.—A Rose of great beauty. The color is a rich, velvety-crimson. Handsome and showy. The brightest of yellow Roses.

Pierre Guillot.—This superb Rose has no superior. Always in bloom. Buds and flowers of enormous size, of the richest red.

Princess Beatrice.—(New.) A coppery or ruddy yellow, distinctly edged with bright crimson. This is indeed a princess.

Polar Star.—(New.) Color a rich shade of creamy-white, shading to rosy-red and canary-yellow.

Princess Bonnie.—(New.) One of the loveliest of all red Roses.

Piuk Soupert.—(New.) Like Clothilde Soupert, except the color is a lovely shade of clear pink.

President Carnot.—(New.) This is a superb new Rose, combining lovely shades of fawn and pink. Extra fine.

Queen of Bedders.—The best rich, dark, velvety-crimson Rose.

Queen of Fragrance.—Blooms in clusters of six to ten Roses. Color white, tinged with delicate shell-pink.

Queen's Scarlet.—A great bedding Rose of richest scarlet. It is an exquisite variety.

Rheingold.—Naples-yellow, shading to orange. A beautiful Rose of extraordinary color.

Red Malmaison.—Same as Malmaison, except the color is a rich, dark crimson.

Ruby Gold.—Tawny-yellow, shading to old gold, with crimson center and veins of rosy-red and pink.

Rainbow.—A beautiful pink-rose, striped crimson.

Senator McNaughton.—Pure white, with shades of deep yellow.

Summer Queen.—Bright silvery-pink, full and double. Try this for a bedding Rose.

Souvenir de Victor Hugo.—Color a lovely citron-red, with amber and fawn shading.

Sunset.—This exquisite orange-yellow variety is one of the finest Tea Roses grown. The flowers are large and double. It is deliciously fragrant.

Striped La France.—Same as La France, except the color is pink, with light stripes through it. Superb.

Snowflake.—Pure white. Most profuse bloomer of all Roses.

Souvenir of Wootton.—Rich crimson Roses in large clusters.

Souvenir de Gabriel Drevet.—Salmon-pink, with center of coppery-yellow, edged dark rose.

Southern Belle.—Color rich crimson, edged pink. Beautiful.

Sappho.—Fawn color, shading to deep yellow, large and double.

Star of Gold.—The best all round deep golden-yellow Rose.

The Gem, or Fair Unknown.—Straw-yellow, shaded crimson.

Triumph de Pernet Pere.—Magenta-red, passing to rich crimson.

The Queen.—Beautiful long buds, the color is pure snowy-white. Exquisitely scented. Hardy.

The Bride.—This is a pure white Rose, of the largest size, buds and flowers of most perfect form. It has the fault of coming pink in dry, hot weather.

Viscountess Folkestone.—This beautiful Rose is so large and fine as to resemble a Paeony. Pure white, faintly tinted fawn. Nothing can be more beautiful.

White Perle des Jardins.—Same as Perle des Jardins, except the color is pure white.

White La France.—Same as La France, except the color, which is pure white, faintly tinted fawn. A charming Rose in every respect.

Waban.—Identical with Catherine Mermet, only it is deeper and richer in color.

White Bon Silene.—Same as Bon Silene, except the color is pure snow-white.

Ever-blooming Roses.

PRICE, 7 CENTS EACH.

WE will send strong plants from this list, your selection, for only 7 cents each. Or you can select EIGHTEEN choice Ever-blooming Roses from this list for only ONE DOLLAR.

Remember that our large two-year-old Roses will cost you 25 cents each from this list, or FIVE for \$1.00. These are superb plants, the best you ever saw. Look over this list and see if many of your old favorites are not here.

Viridiflora.—The flowers of this variety are pure green.
White Daily.—Pure white, beautiful, long, pointed buds.
Yellow Tea.—Pale lemon-yellow, beautiful, large, pointed buds.

"Ironclad" Collection of Fourteen Hardy Roses \$1.00.

TWO SETS "IRONCLAD" ROSES FOR \$1.60,

Including One Climbing and One Moss Rose

Most of them new kinds. This collection cannot be divided, but must be ordered complete. In ordering, say "Ironclad" Collection of Roses, and we will understand what you want.

Seven Sisters.—A rampant, hardy climber, bearing flowers in large clusters. Deep blush, changing as the flower gets older to carmine-rose and white, the whole plant appearing a perfect mass of bloom, and making a charming effect.

Glorie of Mosses.—This, when it has become well established, is one of the most beautiful Roses imaginable. The open flowers are very bright and of most delicious fragrance. Color a rich, glossy pink, tinged crimson, large and globular. The buds are almost hid with beautiful green moss. A superb sort, and easily grown.

Madame Joseph Desbois.—A most vigorous grower and persistent bloomer. The flowers are very large and double, on long, stiff stems, of fine, waxy texture and substance, and last a long time in a fresh state after being cut. The color is a pure snow-white. This we commend as being a very desirable sort. We had buds on this Rose four inches through. A veritable beauty.

General Jacqueminot.—A rich, velvety-crimson, changing to scarlet-crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all hybrid perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

Charles Dickens.—This we regard as a most wonderful Rose. It is vigorous in growth, the leafage is large and fine, and the flower startles all who see it by its great size and loveliness. The color is a rich, glossy carmine, tinged with bright crimson, large, globular flowers, full and sweet.

Paul Neyron.—Deep, shining rose, very fresh and pretty. Flowers large, often measuring five inches in diameter, and it has this merit, though very large, the buds always develop fine, perfect Roses. It is, moreover, a good, strong grower, with nice, almost thornless stems, which often attain six to seven feet in a single season. We know of no Rose possessing so many good points to recommend itself as Paul Neyron. Grown by thousands in the eastern cities for its good, free-blooming qualities.

Comte de Paris.—A new Rose of great promise, bright, vivid, poppy crimson when first opening, becoming darker and delicately shaded with carmine as the flowers expand. Very large and full, petals of good substance and very sweet. A magnificent Rose.

Anna de Diesbach.—(*Glory of Paris*.) Brilliant crimson, sometimes shaded with bright maroon, long, pointed buds, and large, finely formed, compact flowers, very full and sweet. One of the best.

Gloire de Lyonaise.—This grand Rose is the only yellow hybrid perpetual we have. It cannot be called a deep yellow, but rather a pale shade of chamois or salmon yellow, deepest at center, sometimes passing to a rich, creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, and are large and full, and delightfully sweet. This we consider one of the very best Roses we have ever seen. It will be sure to delight you.

Oscar II. King of Sweden.—This is by far the richest Rose yet introduced. It is so intense in color that the exclamation on seeing it is, "Oh, that lovely black Rose!" It is very velvety in texture. A most superb Rose, and one that will always be found in the standard list of Roses, as it has come to stay.

Mrs. John Laing.—An elegant, new, constant blooming hybrid perpetual Rose. One of the very finest of its class. Color a clear, bright shell pink, exquisitely shaded. The buds are long and pointed, the flowers extra large and full, borne on long stems and exceedingly sweet. Valuable both for open ground and greenhouse culture. A most exquisite Rose.

Marshal P. Wilder.—This fine new Rose originated in this country, and was named in honor of the venerated President of the Pomological Society. It is a Rose of unusual excellence. Flowers are large, semi-globular, full, and of good substance. Color a bright, scarlet-crimson, richly shaded with maroon, very fragrant, and a free bloomer.

Albane d'Arneville.—Splendid new pure white hybrid perpetual, commences to bloom almost as soon as planted, and blooms all through the Summer until late in the Fall. The flowers are pure white, sometimes very faintly tinged with pink, very large, very double and full, and delicately perfumed. Extra fine.

Gustave Piganeau.—Flowers extra large, equaling Paul Neyron in size, double, and of cup form. Color a beautiful shade of bright red and brilliant carmine. Received four medals, and was illustrated in *Journal des Roses*. This is the finest hybrid of recent introduction. The bud is very large and full. We believe this to be the very best crimson hybrid Rose grown.

The Five Nearest Black Roses.

The Set of Five for 50 Cents; or Three Sets for \$1.25.

If you wish the nearest black Hardy Hybrid Perpetual Roses, you should order the varieties named below. They are the darkest of any, and exceedingly beautiful.

Baron de Bonstetten.—Has splendid large flowers, very double and full. The color of this Rose is a rich, dark red, passing to a deep, velvety maroon. It is highly scented and very beautiful.

Prince Camille de Rohan.—A very dark, rich, velvety-crimson, passing to intense maroon, shaded black. Large, full flowers, looking at a little distance as if they were really black. One of the darkest Roses and very handsome.

Black Prince.—A superb Hybrid Perpetual Rose, a very dark, blackish-red, richly shaded with violet-crimson, extra large,

full flowers, delightfully perfumed, good, bushy habit, a hardy and vigorous grower and free bloomer. One of the very best dark Roses.

Souvenir de Duchere.—A superb Rose. Extra large, compact flowers, very full, double and sweet. Color a beautiful and brilliant scarlet, deepening to dark, glowing crimson. Very rich and handsome.

Antoine Quilhon.—Extra large flowers, very full, compact and regular form. Color a rich, violet crimson, elegantly tinged and shaded maroon red, a free bloomer and very sweet.

SPECIAL OFFER.—The "Ironclad" Collection and Five Nearest Black Roses for \$1.25.

"Mid-Winter" Collection of Ever-blooming Roses.

We have made a selection of the very best Roses for Winter blooming, embracing a wide range of color. We can commend this collection to all who desire to grow Roses in the house during Winter.

Price for the collection of Six choice "Mid-Winter" ever-blooming Roses only 50 cents; three collections for \$1.25. Large two-year-old plants, 30 cents each; or the six for \$1.75. Any three for \$1.00.

Kaiserin Augusta Victoria.—A new pure white Rose. Very large and double. A royal Rose in every respect. A Rose we can commend.

Christine de Noue.—(*New*.) This is a great Winter-blooming Rose, with buds and flowers of the largest size. Color richest crimson. The best Rose of its color.

Star of Gold.—This is the best all round, deep golden yellow Tea Rose that is grown. The buds are very large and shapely, while the flower is double to the center, and it is a deeper golden-yellow than *Marchal Neil*. Don't fail to try this variety.

General Robert E. Lee.—This Rose, which we introduced the past Spring, will produce more beautiful Roses in the Winter than any Rose we grow. A small bush will produce hundreds of bloom. Color orange-yellow. Very rich and beautiful. Extra fine.

Champion of the World.—It is the champion bloomer. It commences to bloom as soon as started to grow, and continues to bloom in the greatest profusion both Winter and Summer. A rich, deep, rosy-pink or flesh color.

Bridesmaid.—The most elegant pink Rose. Very large. Buds extra fine.

Price for large two-year-old Roses of any on this page, 30c each; or any four for \$1.00.

Ever-Blooming Roses.

Large two-year-old Plants of Climbing Tea
Roses cost 50c. each, except where noted.

CLIMBING VARIETIES.

IN the South or California, where they stand the Winters, nothing can compare with them for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

Climbing Malmaison.—Same as Malmaison, but best of all the climbing sports, as it will make the longest growth of any of them. Price, 20 cents each.

Climbing Meteor.—Same as Meteor, but a vigorous climber. Next to Climbing Malmaison this is the most rampant of all the sports. Price, 20 cents each.

Climbing La France.—Identical with La France, except that it is a vigorous climber. Satiny-pink in color. Price, 15c each.

Climbing Perle des Jardins.—Same as Jardins. Color a deep golden yellow, but a rampant climber. Price, 15 cents each.

Climbing Niphetos.—Pure white buds over three inches in length. Price, 15 cents each.

Crimson Rambler.—(New.) Price, 15 cents each; or three for 50 cents.

Caroline Goodrich, or Running General Jacqueminot.—This Rose has finely formed, very double flowers, and its fragrance is most delicious. The color is the same as that of General Jacqueminot. Price, 15 cents each.

Celine Forestier.—Deep sulphur yellow, large, full flowers, perfectly double, a fine bloomer and good grower. One of the best of its class. Price, 15 cents each.

Claire Carnot.—Buff or orange-yellow, peach blossom center, medium size, full and compact flowers, delightful Tea scent. Very pretty and desirable. Price, 10 cents each.

Climbing Devoniensis.—The same as Devoniensis, except that it is a rampant climber. It has a magnolia fragrance. Price, 15 cents each.

Cloth of Gold, or Chromatella.—A clear golden yellow, large, very full and double. Highly fragrant. Much prized in the South for pillars and verandas. Price, 10 cents each.

Estella Pradle.—Has lovely pure white buds. Flowers are full and sweet. Price, 10 cents each.

Empress of China.—Probably the best of all the climbers; deep pink flowers and buds. Price, 15 cents each.

Golden Chain, or Climbing Safrano.—(Reve d'Or.) A beautiful pillar Rose, being a strong climber. Color orange yellow, or deep saffron, good size, full and sweet. Price, 15 cents each.

Fortune's Double Yellow.—(Beauty of Glazewood.) A bronzed yellow or copper and fawn color. Price, 10 cents each.

Gloire de Dijon.—Our Southern friends are unbounded in their admiration of this fine Rose, which is seen there in the fullest perfection, being hardy in their section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate Tea scent, and its exquisite shades of color, being a blending of amber, carmine and cream. One of the finest Roses on our list. Price, 20 cents each.

Gold of Ophir.—(Ophire.) Nasturtium yellow, suffused with coppery-red. One of the most beautiful of the climbing Roses. Price, 15 cents each.

James Sprunt.—Deep velvety crimson and very double. Price, 10 cents each.

Lamarque.—Large, full flowers, borne in large clusters, pure white and double. A most beautiful Rose. Price, 10c each.

Marechal Neil.—A beautiful, deep sulphur yellow. Price, first size, 10 cents each; good plants, 25 cents each; extra strong plants, 50 cents. Grafted plants, one-year-old, \$1.00; two-year-old, \$1.50; three-year-old, \$2.00.

Mary Washington.—(New.) This is no doubt the most famous Rose of the century, made so by the history with which it is associated, the original Rose bush being planted by no less a personage than George Washington. It is a lovely Rose, and usually comes in large clusters of the purest white, and very fragrant. It will live out anywhere, as it is perfectly hardy and a perpetual bloomer. Price, 20 cents each; three for 50 cents.

Marie Lavelley.—Habit extra vigorous, flowers large and of fine form. Color a vivid rose, shaded and lined with white. This is perhaps the most rampant and vigorous in the whole

family of Roses. If you want a Rose to "get there quick," this is the one to plant. Price, 20 cents each.

Mme. Alfred Carriere.—Extra large, full flowers, very double and sweet. Color a rich, creamy-wheat, faintly tinged with pale yellow; exceedingly beautiful. A strong, hardy grower and free bloomer. Price, 15 cents each.

Pink Rambler.—(Euphrosyne.) Same as Crimson Rambler, only the flowers are bright pink. Price, 20 cents each.

Reine Marie Henrietta, or Red Flowering Gloire de Dijon.—A strong, vigorous grower, flowers large, full and fine form. Color a pure cherry-red, large, full and sweet-scented. Succeeds well in the South. Price, 15 cents each.

Reine Olga de Wurtemberg.—This is a splendid Rose. It should be grown where the Marechal Neil succeeds. This variety as grown in the south of France is simply indescribable. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color rosy-crimson, suffused with yellow. Price, 15 cents each.

White Rambler.—(Thalia.) Same as Crimson Rambler, except the color is pure white. Price, 20 cents each.

William Allen Richardson.—Orange yellow, with outer petals lighter, center copper yellow. Very rich. Rapidly becoming popular. Price, 15 cents each.

Waltham Queen.—The flowers are large, full and sweet. The color is a rich crimson, very beautiful, and a profuse bloomer. Price, 15 cents each.

Yellow Rambler.—(Aglais.) Same as Crimson Rambler, except the flowers are a lovely shade of yellow. Price, 15c each.

GENERAL COLLECTION

OF ●●●●●●●●●●

HARDY ROSES

Price, 10 cents each; or we will send fourteen kinds from this list, your selection, for \$1.00;
any six kinds for 50 cents. Large two-year-old plants, 35 cents each, : : : : :

- Abel Carriere.**—Flowers are extra large, very double, full and sweet. Color a dark, rich crimson, passing to a velvety-maroon.
- Alfred Colomb.**—A bright carmine-crimson, very large, full, and of fine globular form.
- Anna Alexiff.**—Color a clear, rosy-pink, changing to brilliant carmine, elegantly shaded, fragrant and beautiful.
- Antoine Mouton.**—The flowers are of extraordinary size and fullness. Very fragrant. Color a bright, clear pink, reverse of petals silvery-rose.
- Anna de Diesbach.**—(*Glory of Paris.*) Brilliant crimson, shaded maroon, long, pointed buds, full and sweet.
- Ball of Snow.**—(*Boule de Neige.*) A finely-formed, pure white Rose, occasionally shows light flesh when first opening. Beautiful shell-shaped petals, evenly arranged, flowers of good size.
- Baroness Rothschild.**—Color a rich and lovely shade of pink, delightfully perfumed. An ideal Rose in every respect.
- Countess of Roseberry.**—Color satin-pink in the center, deepening to bright crimson on the outer petals. Superb.
- Captain Christy.**—The color is a lovely shade of pale peach, deepening to rosy-crimson. Extra fine.
- Crown Prince.**—A noble Rose. Color a clear red, deepening at center to ruby-crimson.
- Charles Dickens.**—This we regard as a wonderful Rose. Color a rich, glossy carmine, tinged with crimson. Very sweet.
- Coquette des Alps.**—A lovey pure white Rose. Very full and free in flower. Delicious fragrance.
- Coquette des Blancches.** One of the finest white Hybrid Perpetuals. Flowers large, pure snow-white, very double, full and fragrant. A constant bloomer. One of the best.
- Doctor Hogg.**—Deep violet-crimson, richly shaded with maroon, shell-shaped petals, full, compact form, very double and desirable.
- Duchess de Caylus.**—Extra large flowers, full, perfect form, very fragrant. Color a rich cherry-red, sometimes brilliant crimson, delicately tinged with scarlet. Very fine.
- Diamore.**—Dazzling scarlet-crimson of the largest size. Very sweet and always in bloom. None better.
- Emperor of Morocco.**—This is a grand Rose, matchless in color, being a dark, velvety-maroon.
- Empress of India.**—This is one of the darkest of Roses. The color is an intense, rich, velvety-crimson.
- Francois Levet.**—A very beautiful Rose. Soft, China pink, delicately shaded carmine and blush, large, finely-formed flowers, delightfully fragrant.
- Giant of Battles.**—This is still esteemed as the very best rich red Rose. Very large, double, full and sweet. Excellent.
- Grand Duke Nicholas.**—Color a dazzling crimson. A magnificent Rose.
- Glory of Cheshunt.**—An elegant Rose of deepest fiery crimson.
- General Jacqueminot.**—A rich, velvety-crimson. A most magnificent Rose. This is the best known of all the hardy Roses, and is without a rival in fragrance and richness of color.
- Gypsy.**—Color a delicate shell-pink, of satiny finish and of maroon texture. A general favorite.
- General Washington.**—This magnificent Rose is one of the best for general planting. Color a brilliant crimson. Very rich and beautiful. Flowers large and perfectly double.
- Gloire de Margottin.**—Clear, dazzling red, the most brilliant of all hardy Roses. Very fragrant. Superb.
- Gloire de Lyonaise.**—A pale shade of chamois or salmon-yellow, sometimes passing to creamy-white, tinted orange and fawn. A grand Rose.
- Gustave Piganeau.**—Color a beautiful shade of bright red and brilliant carmine. This is a charming new Rose. Buds and flowers of the largest size.
- Her Majesty.**—A Rose of immense size. Deep, glowing pink in color. By many claimed to be the largest Rose in cultivation.
- John Hopper.**—One of the most reliable and satisfactory Hybrid Perpetuals ever grown. Flowers are large, very regular and full. Color a brilliant rose, changing to a bright, glowing pink, shaded with rich scarlet. Very sweet, and a profuse bloomer.
- Jeanne Liabaud.**—Fiery crimson, shaded with black, very dark flowers, large, full, and very beautifully formed.
- Jules Margottin.**—A bright cherry-red, large and very double. A general favorite. One of the best Roses.
- La Reine.**—A beautiful, clear, bright rose, fine, full form, very fragrant. It is well named "The Queen."
- Lady Emily Peel.**—Very sweet, color white, sometimes tinged and shaded with blush.
- Louis Van Houtte.**—A rich crimson, heavily shaded with maroon, beautifully formed, double flowers.
- Leopold Premier.**—A dark, rich crimson. A fine, large Rose. Very full and sweet, free bloomer, very beautiful and valuable.
- Lady Helen Stewart.**—A bright, scarlet-crimson, flowers full and rounded, highly perfumed. Very beautiful.
- Madame Masson.**—The flowers are large, color a deep rose or bright red, highly perfumed and free bloomer.
- Merville de Lyon.** The flowers are of large size, of cupped form. Color a pure, untinted ivory-white.
- Madame Joseph Desbois.**—Color a pure snow-white, of the largest size. A most magnificent Rose.
- Marchioness of Lorne.**—A rich, fulgent rose color, shaded with vivid crimson. Charming.
- Madame Gabriel Luizet.**—Clear color, rose or deep pink. One of the prettiest of all Roses.
- Madame Gustave Bonnet.**—Pure white, sometimes slightly tinged with rose, very double, full, sweet scented, free bloomer.
- Magna Charta.**—A bright, clear pink, flushed with crimson, very sweet, flowers extra large, with fine form and very double.
- Gloire de Exposition Bruxelles.**—Flowers finely-formed, large and perfectly double. Color a bright crimson, of velvety texture. A Rose of unusual merit.
- Margaret Dickson.**—A new Rose of great merit. Pure white, of immense size. Has been awarded ten first prizes.
- Madame Alfred de Rougemont.**—A strong, vigorous grower, begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinted and clouded with pale rosy-blush. Large, full and double, and borne in large clusters. Fragrant and good.
- Madame Plantier.**—The ironclad white cemetery Rose. This is the old standby, and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful snowy-white, fragrant Roses. It is as hardy as an oak.
- Marie Bauman.**—A bright carmine. Flowers very large and of exquisite form. Free bloomer. In every way one of the finest Roses grown.
- Monsieur E. Y. Teas.**—A very beautiful and satisfactory Rose. Color a rich, glowing crimson, very bright and striking. Large, round flowers, of perfect form, very full and sweet. Highly recommended.
- Mrs. John Laing.**—Clear, bright shell-pink, exquisitely shaded, very free bloomer. Everybody admires this fine Rose.
- Marshall P. Wilder.**—A beautiful Rose of a bright cherry-red color. All praise it who have tried it.
- Mabel Morrison.**—This is a beautiful white Rose of the largest size. Very handsome.
- Mademoiselle Marie Rady.**—A clear, bright red, finely penciled with rich maroon, very large, full flowers, fragrant and beautiful.
- Madame Charles Wood.**—A large Rose. Color deep red. Very free bloomer and very sweet. None better.
- Oscar II, King of Sweden.**—"Oh, what a lovely black Rose!" is the exclamation of all beholders. This is by far the richest Rose yet introduced.
- Olga Marx.**—Pure white, delicately shaded with amber and blush, large, full flowers, very double and sweet. A free bloomer and very handsome and desirable.
- Pierre Notting.**—A most beautiful dark Rose. The color is a deep, rich crimson, shading to velvety-maroon, very large, fine, globular form, and highly scented.
- President Lincoln.**—A bright red Rose of the richest hues, large, full and fragrant. Excellent.
- Prince Albert.**—A rich, brilliant crimson, very bright and striking, large, double and finely cupped flowers. One of the best Roses in our collection. In color a rich, dark crimson. Very hardy.
- Paul Neyron.**—The old-time favorite. Of immense size, often measuring five inches in diameter, lovely bright pink or deep rose. Very superb.
- Perfection des Blancches.**—A fine-formed, pure white Rose. One of the finest and most beautiful of the white Roses.
- Queen of Queens.**—Rich pink, with blush edges, full and of perfect form. Very fragrant.
- Queen of Autumn.** It is a bright carmine at the edges of the petals, graduating into a light rose and soft primrose-yellow in the center.
- Red Dragon.**—Fine, bold flowers, showy and striking. Color a very brilliant crimson.
- Rosy Morn.**—A lovely name and a magnificent Rose. Extra large size, very double, full, and deliciously sweet. Color an exquisite salmon-rose, shaded with delicate peachy-red, sometimes pale blush, suffused with soft, rosy-crimson. Extra fine plant.
- Silver Queen.**—Silvery-blush, shading to a delicate rosy-pink. Very distinct.
- Triomphe des Beaux Arts.**—A metallic rose, flamed with scarlet, large, very fragrant and full. Splendid.
- Thomas Mills.**—Extra large, fine, cup-shaped flowers. Color a bright rosy carmine, sometimes with fine white stripes. Fragrant and good.
- Victor Verdier.**—A rich, cherry-rose, shaded with carmine. A very attractive color. Flowers large and beautifully formed. Very full. A beautiful Rose.
- Vulcan.**—A dark, rich, velvety-crimson, changing to black. Large, fragrant flowers, very double and fine.
- Vick's Caprice.**—A beautifully striped Rose, perfectly hardy. Color bright rose, distinctly striped deep carmine or crimson.
- White Paeony.**—Flowers of the largest size. Pure white.
- White Baroness.**—Identical with Baroness Rothschild, except the color is a pure, untinted white.
- Xavier Olibo.**—Flowers large and double and of excellent form. Color a velvety-black, and shaded with fiery-red. A superb Rose.

POLYANTHA, OR FAIRY ROSES.

Notice. We cordially recommend these exquisite Everblooming Fairy Roses. They are of shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding, as well as for edging, borders, etc. They are moderately hardy, but should have a covering of leaves or litter just before Winter begins.

PRICE, 8 cents each;

Large two-year-old plants, 25c each,

Blanche Rebatel.—A beautiful new variety, very handsome flowers, a deep rose color, medium size, very double and fragrant, and borne in large clusters. A constant bloomer.

Eliza Chatrand.—One of the most lovely of all Roses, having lovely rose-colored flowers, elegantly penciled and touched with ruddy saffron. Very free bloomer.

Flora.—The flowers are quite large, very full and round, delightfully perfumed, and borne in immense clusters. The color is a fine ivory white, delicately tinged with soft rosy-blush.

George Pernet.—It is continually in bloom, the flowers being quite large for this class, of a beautiful flat form. The color is a very bright rose, with touches of yellow, and passes to peach blow, with silvery white shadings. The prettiest of all Polyanthas.

SPECIAL OFFER—The set of ten Fairy Roses, named, for 60c. No discount allowed on this offer.

THE BEAUTIFUL TREE ROSES.

We have these grafted with Hybrid Perpetual or hardy sorts, two colors on same tree, red and white, at \$2.00 each, or two for \$3.50. We also have them grafted with Tea or everblooming sorts, where they are wanted by our patrons in the South, one color to the tree, with the very finest sorts. Price, \$1.50 each, or two for \$2.50. At this price they can only be sent by express. They measure five to six feet in height.

SPLENDID PERPETUAL FLOWERING MOSS ROSES.

Price of these Perpetual-Flowering Moss Roses, 25c each.

New Perpetual Moss Rose, Mousseline.—Extra fine, large, very full and delightfully fragrant. Color a pure white, sometimes shaded a rosy-blush. Elegantly mossed and very beautiful. A continuous bloomer.

Perpetual White Moss Rose.—One of the most mossy varieties, prettiest in bud. The flowers are of medium size and borne in clusters, fragrant, but not very double. Color a pure white.

Perpetual Moss Rose, Blanche Moreau.—New, and highly recommended. Flowers are produced in clusters, and are large, full and sweet. The color is pure white, and both flowers and buds have an abundance of deep green moss.

Perpetual Moss Rose, James Veitch.—One of the finest Perpetual Moss Roses. It has extra large flowers, very fragrant and full. The color is a bright carnation red, very fine. It is a splendid Rose.

Miniature.—This is the smallest of all Roses, but perfect in form, regular, compact, fairy-like flowers, fully double and very fragrant. Flowers in wreaths and clusters almost covering the whole plant. The color is a cream rose, flushed with a peachy-red.

Gloire de Polyantha.—A beautiful Fairy Rose. Flowers large, perfectly double and deliciously sweet. Color a fine citron-rose, elegantly flushed a pale carmine.

Mignonette.—A lovely Fairy Rose. Full, regular flowers, perfectly double and deliciously perfumed. Color a clear pink, passing to white, tinged with pale rose.

Mademoiselle Cecil Bruner.—Larger flower than any of the others, perfectly double and delightfully fragrant. Color a rosy-pink, on a rich, creamy-white ground.

Perle d'Or.—Charming and very distinct. Color a coppery-gold, changing to fawn and salmon, flat-rayed form, very double and elegantly perfumed.

Paquerotte.—We consider this variety the best of all the Polyantha Roses. The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling blossoms of the double flowering cherry, and fully equals the double white Primrose in profuse blooming during the Winter. This is a variety that every one is pleased with.

HARDY CLIMBING PRAIRIE ROSES.

These are climbing Roses that are perfectly hardy everywhere, and are consequently of the greatest value. They can be readily trained to a height of from ten to thirty feet, as they grow with great vigor. They bloom the second year, and but once in a season, but are then loaded with splendid Roses, and are among the most beautiful of flowering plants. At least one of these hardy climbers should be found in every Rose garden north of Tennessee. The flowers are produced in large clusters. When it is desired to cover walls, unsightly buildings, etc., with Roses, none will be found to do the work so efficiently as varieties of the Prairie Rose.

Price, 10 cents each; any three for 25 cents.

Large two-year-old plants, 25 cents.

Anna Marie.—Blush, very large clusters, has few thorns. It is an excellent variety.

Baltimore Belle.—Pale blush, variegated carmine rose and white, very double, flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the very best climbing Roses.

Bennett's Seedling.—An Ayrshire or Scotch Rose, and a vigorous runner, flowers are white, very double and fragrant, and borne in great profusion.

Caroline Goodrich, or Running General Jacqueminot.—This new Hardy Climbing Hybrid Tea Rose has finely formed, very double flowers, and its fragrance is most delicious. The color is the same as General Jacqueminot. It makes a growth of from twelve to fifteen feet in a season.

Dundee Rambler.—The old-fashioned Scotch Climbing Rose, entirely hardy, bears elegant, rich, red Roses of the largest size in great profusion. This we think the best of the hardy climbers.

Greville, or Seven Sisters.—Flowers in large clusters, and varies in color from white to crimson.

Mrs. Hovey.—This is an improved Seven Sisters, being more hardy, flowers in large clusters. It is better in every respect than the Seven Sisters.

Milledgeville, or Pride of the South.—A splendid variety. Color a rich, satiny-pink, very fresh and beautiful. Fine, large, globular flowers, full, regular form, very double and sweet. A profuse bloomer, and quite hardy.

Pride of Washington.—A brilliant amaranth, shaded rose center, large clusters and very double. A fine climber.

Queen of the Prairies.—Flowers very large and of peculiar globular form. A bright, rosy red, changing to lighter as the flower opens. Of very strong, rapid growth.

Russell's Cottage.—Dark, velvety crimson, very double and full, a profuse bloomer and strong grower. A very desirable Climbing Rose.

Superba.—A splendid sort. Large, full and double, bright rosy-pink, clear and beautiful. It blooms in continuous clusters.

Tennessee Belle.—Flowers a bright, beautiful pink. It is more slender and graceful in growth than either of the other varieties.

THE LADY BANKS, OR BANKSIA ROSES.

These are fine climbing or trailing Roses. Good for the South and Pacific coast, where the Winters are not too severe. They require two or three years' growth to bloom to perfection, and are then very beautiful. As the flowers are produced on the old growth, they should be pruned but very little, merely cutting away what is absolutely necessary. The flowers resemble a double cherry blossom, and are the size of a silver dime. They are produced in large clusters, and have a decided violet perfume. Indeed, if blindfolded you could not by the odor distinguish them from Violets.

White Banksia, Alba Grandiflora.—A pure untinted white variety. Price, 15 cents each.

Yellow Banksia, Fortunel.—A rich, golden-yellow variety. Price, 15 cents each.

The two varieties for 25 cents; large plants, 50 cents each.

NEW MEMORIAL ROSE.

(ROSA WICHURAIANA.)

THIS ROSE is especially desirable for planting in cemeteries, as it is entirely hardy everywhere, and is a perfect sheet or bloom. All who want a beautiful Rose to place on a grave should plant this Rose. Six plants will completely cover a grave and be in bloom all the time. It does not grow upright, but spreads on the ground like Myrtle. It is of a very rapid, prostrate habit of growth, not over eight inches in height, quickly covering the ground with a mass of very deep, glossy-green foliage. In the middle of June the flowers appear in bunches in profusion, and continue all Summer. Flowers are about two inches across, single, creamy-white, with showy masses of golden-yellow anthers, and intensely fragrant. For use as a cover plant on banks, ledges, or masses of rock this is unsurpassed, quickly producing the effect desired, and this with the showiest of foliage and a mass of bloom at a season when flowers are becoming scarce. Used in quantities for landscape work in parks and cemeteries and no private place exists on the grounds of which it cannot be used to advantage. Price, 15 cents each; two for 25 cents. Large two-year-old plants, 50 cents each.

GOOD & REESE'S World - Renowned Coleus.

Price, 5 cents each; twelve for 50 cents; twenty distinct varieties for 80 cents; by express, thirty for \$1.00. We will send the below twenty choice named Coleus by mail, for 75 cents. These are all good bedders, standing the hot sun without losing their colors. Price per hundred, when sent by express, \$2.50.

Remember, the following choice Coleus for only 75 cents; any ten for 40 cents. Two collections for \$1.35. You have never seen any thing so grand in the Coleus line. Try them, and see what a beautiful bed you can have, and with but little care.

Autumn Glow.—Has all the beautiful tints of Autumn leaves.
Bronze Queen.—A deep bronze, with a fine yellow edge.
Black Bird.—Very dark, with reddish cast.
Butterfly.—A crimson bronze, old gold and green.
Bizarre.—Crimson center, edged with green and gold.
Beauty.—A crimson bronze, with green edge.
Chicago Bedder.—Green and gold. An excellent bedder.
Dora Clapp.—Crimson center, with bronze and green edge.
Empress of India.—Crimson, with a golden edge.
Fire Crest.—A bright carmine-crimson, the edge is marked with golden-yellow.

Fire Brand.—A fine bedder. Dark crimson, shaded garnet.
Golden Bedder.—Deep golden-yellow. A fine bedder.
Golden Verschafeltii.—This ranks first in the yellow varieties.
Hero.—A deep, jet black.
Hiawatha.—Bronze and yellow, spotted.
Progress.—A beautifully mottled red, green and bronze.
Retta Kirkpatrick.—A bright green, with large, deep, yellow center.
Setting Sun.—Crimson, with brightest golden edge.
Verschafeltii.—A rich, velvety-crimson. The best bedder.
Yeddo.—A deep, golden-yellow, spotted with bright green.

WORLD'S FAIR
PRIZE **x x**

CHRYSANTHEMUMS.

TWENTY PRIZE WINNERS FOR \$1.00.

Any ten for 50 cents. The new Chrysanthemums on this page are all prize winners. Those wishing to compete for prizes at exhibitions should not fail to get this prize set. They embrace a wide range of color, and the size of many of them is enormous, often measuring twelve inches in diameter. They are the very best Chrysanthemums we have ever offered.

SPECIAL OFFER.—We will send four World's Fair Prize Collections for \$3.00. Get up a club and get yours free. This is the best set of Chrysanthemums ever offered.

Parting Guest.—The flower is of immense size, crowded with petals which are waxy, and of great substance, incurving form that is exquisite. A most imposing bloom. Color a pearly-white, suffused and tinted with delicate rose-lilac. Nothing like it in color. A grand addition to any collection. It is also a prize winner.

Mrs. Lewis Childs Maderia.—A perfect compact globe of golden-yellow, petals upright, of heavy texture, and like unopened quills, of strong constitution, stems stiff and flowers large. Both color and form are absolutely perfect. This variety will always be retained in your memory when once seen.

Hallowe'en.—Grand exhibition variety of Mistletoe color; of the very largest size, grandly incurving, very deep. Color hard to describe—pinkish-gray without, and rosy-violet within. A grand bloom in every respect. Height of plant four feet, very stiff stem, elegant foliage. Was awarded twenty-five dollar premium as best "any other color" at Indianapolis.

Helen Bloodgood.—A very bold, round flower. When in perfection blooms measure seven and a half inches through and seven inches deep. It is the finest, true, clear pink, without shading of purple or magenta. It has received a certificate at New York and Philadelphia. A veritable beauty.

Bronze Giant.—Exhibition bronze. This is an elegant grower, heavy, stocky stem, clothed throughout in fine foliage. The flower is of immense size, crowded with petals, which are stiff and of great substance, form incurving, a most imposing bloom of largest size, a beautiful, rich bronze, or old gold color. Received premium of fifty dollars for best bronze.

H. W. Reiman.—One of the grandest of all Chrysanthemums for exhibition. The color is a deep, golden-yellow, very bright and very massive in build, as deep as wide, with crowded petals, stems very stiff, height four feet, foliage very beautiful. A grand addition to our already fine class of yellows.

Maud Dean.—An immense pink variety, finely incurved, petals broadly shell-shaped. One of the largest flowers exhibited in Fall shows. Almost a pure self-pink. Received silver medal at Philadelphia, and awarded certificates of merit at New York and Philadelphia.

Abraham Lincoln.—Rich cream color. The petals are trumpet-shaped, with elkshorn tips, and are arranged to form a perfect ball. One of the largest among Chrysanthemums. Totally distinct, and of the grandest build. A sensational variety. Won twelve first prizes.

Sugar Loaf.—This is a variety for everybody. It is the freest-growing and freest-flowering sort that we know, and under the most ordinary treatment produces quantities of flowers of the grandest size. The outer petals recurve slightly, while the inner rows incurve. The color is varying shades of yellow, often shaded bronze, sometimes perfectly clear. A giant grower, with corresponding constitution. This variety took the fifty dollar premium as best seedling at the Cincinnati show, and was one of six to win the hundred dollars at Indianapolis.

Ada Spaulding.—A grand globular flower, quite distinct in form and of the largest size, while quite compact. It shades from a few rows of lavender and pink at the base up to a great crown of waxen-white of heavy texture. Keeps splendidly when cut. Awarded the national prize for the best seedling, a silver cup presented by Mrs. President Harrison, November, 1889.

Golden Wedding.—The grandest yellow ever offered. This fine variety swept everything before it at the New York and Philadelphia shows. In color it is a deep, bright golden, of shining texture, is very large in size, the petals are both long and broad, and channeled lengthwise. A perfect Japanese incurved of most beautiful form, very free in growth. A first-class exhibition variety.

Mabel Simpkins.—An immense incurved Chinese bloom of purest snow-white, a solid ball, with high-built center, grand for any purpose, the best white ever distributed. Awarded silver cup at Madison Square Garden for best white seedling.

Latest Fad.—A mammoth bloom, borne on stiff stems, with cord-like petals, eight inches in length, gracefully recurving, solid to the center. Color a rich yellow, at times mottled, striped and slashed with bright crimson and bronze. A grand pot plant and magnificent exhibition bloom. Has taken sixteen first prizes.

Wyndmoor.—A full and extremely double Japanese variety of largest size, without an eye, solid and well built, having been grown ten inches across. Style and shape of Mrs. I. Clark, except in color, which is a rich chestnut-red.

Mrs. Hicks Arnold.—Flower very large and deep, full, double, forming, when well opened, a massive sphere. Color a deep, old gold, with occasional reddish veins, petals very broad and thick and spoon-shaped. Winner of twelve first prizes.

Mrs. Potter Palmer.—Very large, incurved, massive flower, with petals of exquisite form, a beautiful, clear, soft, peach-pink within when in perfection, and silvery-pink without, flowers of largest size, full to the center, outer petals reflexed to stem, with incurved tips, lasting quality. Unexcelled.

Trilby.—Pure snow-white, and superior in every way to any white in cultivation. The petals are slightly twisted, but stand out straight, forming a bold, round, handsome flower of massive size. Extra fine stem and handsome foliage. In perfection November 20 to 30.

The Egyptian.—This is a grand exhibition red. The flowers are of massive size, reflexed with broad, stiff petals. Color a deep, rich, fiery, velvety-red. It is, without doubt, the best Chrysanthemum of its color. The flowers are enormous in size, while the color is the richest of all.

Miss M. M. Johnson.—This is another beautiful variety. It won the prizes at Chicago and Cincinnati before the judges on October 20, thus making it a very early variety. The flowers are very broad and well built up in the center, of the richest, deep golden-yellow.

Philadelphia.—The sensational variety of the year. It has won prizes and certificates wherever shown. It is an enormous globular Japanese, with broad, incurving petals, color white, shading to pale lemon, stiff stems and nice foliage, grows about four feet high. It is undoubtedly the most meritorious variety of the year.

New Chrysanthemums. THE CREAM OF THE WORLD'S COLLECTION.

Every Chrysanthemum on this page has won a gold medal. Indeed, some of them have won several. You can order from this list with the assurance that any one of them will be a beauty. The price we offer them at is very low, as you will see by comparing them with any flower catalogue published. Price, 5 cents each; any twelve, your selection, for 50 cents; twenty-five for \$1.00.

- Ada Spaulding.**—Too well known to need description. Pink and white, of globe shape, largest size.
- Abraham Lincoln.**—Rich cream color, the petals are trumpet-shaped, and are arranged to form a perfect ball. A sensational variety.
- Admiration.**—A soft, pure creamy white, each petal tipped with shell pink, petals of irregular lengths, like satin ribbon.
- A. Swanson.**—An immense bloom of the brightest red, reverse chrome yellow.
- Bean Ideal.**—A bright rose pink, without touch of lavender shadings. The form is a somewhat flat, incurved shape, the outer petals horizontal, showing the bright pink, the incurving center showing a lighter shade.
- Challenge.**—A perfect globe of deep golden yellow, of immense size. Has won gold medal and over fifty prizes.
- Eugene Dailedouze.**—This beautiful variety captivated all who saw it at the World's Fair. The cleanest and brightest of yellows.
- Exquisite.**—The petals are upright and show the bright pink shadings at their best. In color it is a deep, clear pink.
- Edward Hatch.**—Blooms of immense size, almost spherical, quite double. The color is a soft lemon, suffused with pink.
- Eva Hoyt.**—An immense double Japanese bloom, of clearest and brightest yellow, a solid golden ball. A grand variety.
- Eda Prass.**—A snowy Japanese variety. Inner side of petals a rich wine red, reverse a silvery pink. On first opening the petals have a peculiar manner of twisting or curling, showing the reverse color. When fully expanded they display the red shade.
- Fair Maid of Perth.**—A magnificent heavy bloom of largest size, borne on stiff, erect stems, upper petals incurve to center, while the under ones reflex closely to the stem, forming a round ball of purest white, occasionally tipped rose.
- Fisher's Torch.**—A pure, deep scarlet. An entire new shade, quite full and flat, all of one tone of color. This is something distinctly new.
- Flora Hill.**—Probably the finest white in existence. An immense double flower of great substance and depth.
- Frank Thompson.**—A fine nearly pink variety, shading to white. A fine grower, with stiff stems. Superb.
- Good Gracious.**—The color is unique, being a delicate shade of peach and pink throughout.
- Golden Wedding.**—A deep, bright golden yellow of shining texture, very large in size. A fine exhibition sort.
- Gorgeous.**—Deep golden yellow of the richest hue, of immense size. The petals are feathery, incurved and whorled. One of the finest, and no collection is complete without it. It is indeed gorgeous in its color and bearing.
- George W. Childs.**—No Chrysanthemum has created such a sensation as this. Of immense size, and of the richest, deep, velvety crimson. Winner of four gold medals.
- Gettysburg.**—Another gold medal variety. Of the richest crimson, and of enormous size. A great favorite.
- Harry Balsley.**—A very chaste and beautiful cup-shaped variety of delicate shell pink.
- Harry E. Widener.**—A very fine yellow. Those desiring fine pot flowers should plant this variety extensively. It had no rival until Mrs. Craig Lippincott and E. Dailedouze came upon the scene. It is still a prize winner at all the shows.
- Interocean.**—An ivory white, very massive in build. This variety is in every prize winning collection. None better.
- Jessica.**—For general purposes as a cut flower and as a show variety, it is ahead of anything yet produced. Flowers average six inches in diameter, and when grown to a single stem, ten inches. Pure white.
- King's Daughter.**—Fine, pure snow white, center petals irregularly drooping. Stout stem, very showy, loose, pure Japanese style, flowers very large.
- Kioto.**—Very large, incurved yellow, strong, free grower, extra fine. Good for cut bloom. Does well as large specimens.
- Latest Fad.**—A mammoth bloom, with cord like petals eight inches in length. Color a rich yellow, at times mottled and splashed with bronze and crimson.
- Lillian E. Bird.**—A beauty in every respect. Of the very largest size, long, tubular petals, of perfect form, producing flowers which are twelve inches in diameter. The color is an exquisite shade of "shrimp pink," the flower, when fully open, being an immense half globe. A magnificent variety.
- Mikado.**—Exquisitely fringed flowers of crimson and gold, curved and plated, of irregular form. It is gorgeous beyond description. Will be the center of attraction wherever placed.
- Marguerite Jeffords.**—A fine flower of bright amber or chestnut color. A most rich and pleasing shade. One of the finest Chrysanthemums extant. Very lasting. Should be in every collection for exhibition.
- Miss M. E. McCowet.**—In this we have the loveliest of Chrysanthemums. The flowers are very numerous, always perfect in form and full to the center. Color the softest white, with a deep flush of pink throughout the outer half of the flower, curving over the center, sometimes tipping the inner petals.
- Marvel.**—Mrs. President Harrison's special admiration at the Indianapolis show. Very large, flat flower of regular rosette shape, the ground color is pure waxen-white, and on this is a large irregular blotch of wine color. No two flowers similarly marked. The flowers will sometimes come a solid wine color. The contrast in color is very beautiful.
- Mrs. C. H. Wheeler.**—Very large and perfectly formed flowers. It should be in every collection. A perfect incurve, outside of petals a bright orange, lined on concave side with brilliant red. One of the very largest.
- Mrs. Craig Lippincott.**—The largest yellow in existence. Was exhibited last Fall measuring over nine inches in diameter.
- Mutual Friend.**—Very near spherical in form, almost white in color, only showing a touch of pearl pink at base of petals.
- Major Bonaffon.**—Soft, clear, primrose yellow, full in center, eight inches in diameter and nearly as deep.
- Mrs. John Wannamaker.**—A superb variety, of perfect incurved form, resembling a flat ball of wood. Color pink and white, nicely blended.
- Maude Dean.**—An immense pink variety, finely incurved, petals broadly shell shaped. One of the largest flowers exhibited in the Fall shows. Almost a pure self pink.
- Mrs. J. Lewis Childs.**—The enormous flowers are as round as a ball, and produced in abundance on long stems. The pure snowy-white color develops a tinge of pink so exquisitely faint that one almost looks for the color in the light, and not the flower. Used for decoration in the evening this feature has been much admired.
- Mrs. Winthrop Sargeant.**—Brilliant straw color, incurved, carrying its flowers on long, stiff stems. Very large, if not the largest in this line of color. A large, grand flower.
- Mrs. Langtry.**—A perfectly formed, flat flower, of unusual size and perfection. Snow white in color, with broad bands or ribbon petals. Altogether one of the very finest varieties.
- Mrs. E. G. Hill.**—The blooms are eight to ten inches in diameter. The color is a delicate lavender pink, petals incurved. The display of this variety at the World's Fair attracted all passers-by, and was admired greatly. It was the winner of twelve first prizes and gold medal.
- Mrs. Cleveland.**—A pure white variety, with long, tubular petals, flowers very large, like President Cleveland. It will be a general favorite.
- Miss Gladys Spaulding.**—One of the very best whites ever produced. A large, round, exceedingly well built flower.
- Mrs. A. Carnegie.**—A bright, deep crimson, reverse of petals a shade lighter, broad, long and flat, of leathery texture, incurving on first opening, afterwards assuming the form of a large Peony. Strong, erect, with heavy foot stalks.
- Mrs. Anthony Waterer.**—This is an immense spreading flower, which has been produced eleven inches across, the individual petals being one and a quarter inches across, at first very pale blush on the outside, which tint it loses as it matures. When fully expanded it has the appearance of a bunch of white ribbon. Invaluable for cutting.
- Marie Louise.**—Beautiful, recurved, white, with interlacing petals, outer ones reflexed closely around the stem, inner ones building up full to the center, forming a plummy globe.
- Mrs. A. J. Drexler.**—A very early, large flowering variety, half spherical in form, petals long and arranged like rays. The color is a fine example of crimson-lake, quite double and a fine grower.
- Mrs. Jerome Jones.**—Large, cream white, incurved Japanese, sometimes showing a tinge of pink, high, round flower. One of the best Chrysanthemum flowers up to date. Indispensable for exhibition. Grand stem and foliage.
- Mrs. W. K. Vanderbilt.**—One of the finest in the entire Chrysanthemum family. A grand, large flower of the purest white. Seen in splendid shape at the Fall shows.
- Mermaid.**—Very delicate pink, perfectly incurving, broad petals, extremely delicate in color and finish. Extra good.
- Pitcher & Manda.**—Who ever heard of Chrysanthemums having two distinct colors in one flower? But that is just what Pitcher & Manda is. The outer five or six rows of petals are pure white, and of Dahlia-like form, while the center is a bright, deep yellow, the two colors being sharply defined. Won gold medal.
- Robert McClunes.**—The color is bright scarlet and gold, while it is full to the last degree, a perfect globe in form. It is quite early, being in full perfection the last week in October, and can be had earlier. Very brilliant in appearance, grand in size and form. One of the very grandest of last year's introduction. A sensational variety. Fine at all the shows.
- Sugar Loaf.**—Everybody's Chrysanthemum, being a fine grower, and perfecting numerous extra large flowers of bright yellow or bronze-yellow, inner petals incurving, outer petals reflexed.
- The Queen.**—A grand double white, of fine size and great substance, very rounded in form, incurving and full. Probably the most valuable novelty of 1895. By far the best of its style, and a prize winner wherever shown. This year has given us two of our grandest whites, Queen and Nivens, and nearly equal in merit and totally distinct.
- Vivand Morel.**—This grand variety has literally leaped into popularity. Flowers so large as to startle you. The color shades from a few rows of lavender-pearl to the richest pink.
- W. H. Lincoln.**—A rich, golden yellow, of finest form and shape. Splendid for cut flowers, and a magnificent bush plant. A No. 1 for all purposes.
- Wenonah.**—(Blushing Bride.) The base of the petals is pure white, laced with deep lavender pink. This is a variety that is much admired, and we have grown a great quantity for this year's sales. Very beautiful.

SIXTEEN ELEGANT EVER-BLOOMING PLANTS FOR \$1.00.

"SURPRISE" COLLECTION.

This Collection of plants is selected so as to give great variety of flowers, and at the same time give continuous bloom all the year. Say "Surprise" Collection in ordering. : : :

NEW PURE WHITE HYBRID TEA ROSE, JEAN DE ARC.—This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds and flowers in greatest profusion. The buds are very beautifully formed, with large petals, of the best substance, shows no center when fully open. Color pure snowy-white, and when you add a rich perfume, coupled with a vigorous growth, what more could you ask? This Rose is an easy winner over all competitors in its color, and we predict that more of it will be planted than all other white Roses combined.

NEW GOLDEN-YELLOW ROSE, STAR OF GOLD.—This splendid Rose is admittedly one of the brightest-colored and most brilliant Roses we have, and is highly recommended for bedding and general planting, as well as for growing in pots and conservatory. The color is a rich, deep, golden-yellow, exceedingly bright and striking, and both buds and flower are large and elegantly formed, fully double, and borne on nice, long stems, which renders it especially attractive, as well as nice for cutting. It is a vigorous and healthy grower and a quick and constant bloomer, quite fragrant, a really excellent Rose in every way, and never fails to please. If you want a good, deep yellow Rose that is a good bloomer, plant Star of Gold.

THE WONDERFUL NEW ROSE, PINK SOUPERT.—The Pink Souper produces flowers of various shades of pink, sometimes almost red, then again a bright pink is seen, almost identical in color with that grand old Rose Hermosa. Then again the same bush will produce light pink flowers, suffused with lilac. The colors are altogether new. It is hardy and a profuse bloomer.

NEW DEEP RED CARNATION, JUBILEE.—This is the finest Carnation that has been produced in years. It blooms both Winter and Summer. It is the best of all Carnations.

NEW WHITE CARNATION, WHITE WINGS.—This beautiful Carnation is remarkable for its extremely vigorous growth, very large flowers, perfect shape, purest white. Indeed, for size and freedom of bloom, purity of color, which is immaculate, sweetness of perfume that is delicious, vigorous growth, this variety has no equal. The best white by far out of a dozen varieties we have of that color.

NEW JASMINE, MAID OF ORLEANS.—Easily grown, even small plants bearing a profusion of double, creamy-white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmynes, or indeed, for that matter, we know of no flower that emits such a delightful fragrance. It is sweeter than a Tuberosa, and that is saying a good deal for it. Will thrive out of doors and bloom through the season. A magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. It can be stored in a dry cellar in Winter. It will please you. Try a plant.

THE GREATEST OF ALL HIBISCUS, SINENSIS GIGANTEUS.—This is a plant for house culture during Winter or Summer, or for plunging outside during Summer. It blooms at all times of the year. The plants make a hard-wooded shrub like an Oleander, branching freely and flowering profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots or tubs it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson-scarlet color that they can be seen for a long distance like a flaming torch. It is hard to find anything among flowers more strikingly showy.

NEW GERANIUM, MRS. E. G. HILL.—No one who has not seen this lovely Geranium as it is grown in the beds and borders of Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft salmon, rather than pink, but fresh and bright, the blossoms are perfect in form, and borne well and clear above the foliage. The long beds of it seen in the Chicago parks, with their edgings of "Golden Bedder" Coleus, formed the most beautiful Geranium planting we have ever seen, and the combination is delightful. It stands the sun perfectly, and is, in our opinion, the finest double variety of any color for massing, when a delicate and artistic effect is desired.

SWAINSONIA ROSEA.—The prettiest plant of any in our collection. This is the prettiest all round plant for house culture that we know of. It is of such easy culture that everybody succeeds with it. It is a rapid grower, and in a short time makes a handsome, compact bush, as it naturally grows into a shapely plant. The foliage is deep green and small. It bears its panicles six inches long, deep rose or red, pea-shaped flowers in the greatest profusion, and of the sweetest fragrance. Indeed, it is as sweet in perfume as Sweet Peas. We have been cultivating it for the past two years, and it is seldom out of flower either Winter or Summer. Be sure and try it, as it will certainly please you.

SHRUBBY VERBENA.—This is a charming plant that is constantly in bloom. The colors range from pure white to brilliant red. It will be sure to please you. By many called Lantana.

NEW PINK CHRYSANTHEMUM, GLORY OF THE PACIFIC.—A very large, incurved and massive flower, with petals of exquisite form, a beautiful, clear, soft peach-pink within when in perfection, and silvery-pink without, flowers of largest size, full to the center, outer petals reflexed to stem, with incurved tips, lasting quality. Unexcelled. Undoubtedly one of the best varieties of the year. Has been awarded numerous first prizes and gold medals.

NEW PURE WHITE CHRYSANTHEMUM, INVINCIBLE.—A grand exhibition variety. This is an elegant grower, heavy, stocky stems, clothed throughout in fine foliage. Height four feet. The flower is of immense size, crowded with petals which are waxy, and of great substance, incurving form that is exquisite. A most imposing bloom. Color a pearly-white, suffused and tinted with delicate rose-lilac. Nothing like it in color. A grand addition to any collection. It is also a prize winner.

GRAND YELLOW CHRYSANTHEMUM, GOLDEN HARVEST.—The grandest yellow ever offered. This fine variety swept everything before it at the New York and Philadelphia shows. In color it is a deep, bright golden, of shining texture, is very large in size, the petals are both long and broad, and channeled lengthwise. A perfect Japanese incurved of most beautiful form, very free in growth. A first-class exhibition variety.

OTAHEITE ORANGE, NEW DWARF ORANGE.—This is one of the prettiest plants we grow. Every one is delighted with it. It blooms and fruits when quite small. We have seen plants in bloom and fruit when but six inches in height. Don't fail to try it, as it delights everybody.

THE NEW HYDRANGEA, MONSTROSA.—This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free-blooming quality is unequalled by any plant we know of. The color is at first a deep, rich pink, gradually changing to almost a snow-white. Blooms have been measured fifteen inches in length by ten inches through. It is indeed an enormous and beautiful flower.

NEW HELIOTROPE, SAPPHIRE.—For a neat, dwarf habit, profusion of bloom and richness of odor this Heliotrope has no equal, and its vivid color of royal purple with a distinct white center gives us something entirely new in color, either for Summer decoration or Winter flowering.

**LANSDOWNE PARK
COLLECTION OF
SUN-PROOF BEDDERS.**

The Sixteen Best Double Geraniums \$1.00.

ANY EIGHT FOR 50 CENTS.

The sixteen Double Geraniums embraced in this collection we have selected from our large collection of over two hundred kinds, as the very best. In fact, there are no better Geraniums than the ones here named. Say "Lansdowne Park Collection of Geraniums" when you order, and we will understand what you want.

Centaur.—The new mammoth Centaur Double Geranium is the best large-flowering double pink Geranium in cultivation. Any one seeing a specimen truss cannot fail to become enthusiastic over it, pronouncing it the largest and finest Geranium in cultivation. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on a single truss. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy white. In most large flowering Geraniums, when in full flower, the center of the truss is faded, while new florets are coming into bloom around the circumference, but in the Centaur most of the florets bloom at once, and when in full bloom the truss is almost a spherical ball of rich, glowing pink. This variety is either suitable for bedding out or pot culture.

Gloire de France.—Large, round florets, of waxy appearance, colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we have.

Madame Hoste.—Umbels large, flowers of enormous size, color flesh, lined and shaded with bright salmon. The shading is simply exquisite.

Sergeant Bobillett.—Color a beautiful vinous rose, with distinct white center. This variety produces fine individual florets, and combined with its other good qualities makes it a valuable Geranium.

Mary Hill.—Carries the largest and most perfect truss of any of the pink doubles. A grand bedder of compact growth.

Gertrude.—Color of the flower a clear, bright salmon, with center and outer edges touched with white, and with soft shadings of carmine, velvety in texture, and of the most beautiful semi-double form. A fine bedder.

Madame Amye Chevaliere.—Trusses are grand and well above the foliage, flowers of the largest size. This is the largest and finest double white yet introduced. The habit is perfect, and it is very free, both in growth and bloom.

M. L. Fages.—This is a compact grower, with beautiful foliage, nicely zoned, and bears a good sized truss of very large semi-double flowers of a clear orange color. A very beautiful and free variety.

Le XVI Juillet.—The plant is very dwarf and bushy, but vigorous. Monstrous trusses on long footstalks. Color a rich salmon, intermingled with white.

Bruant.—This magnificent Geranium is the product of Monsieur Bruant, of Poitiers, and is the beginning of a new and distinct habited section in the Zonal Geraniums. It is very difficult to describe the difference between this type and the ordinary Zonal Geranium, but the characteristics of this variety are observed at a glance when placed beside older varieties of the same family. The leafage is round and nicely zoned, having greater texture and substance than even the most vigorous of the older type. Color of the flower a light vermillion red, of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make up, trusses exceptionally large and borne in immense spherical balls often measuring eight inches in diameter. It does finely in the open ground and is perfectly reliable as a bedding Geranium of the highest merit. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Fine also in pots. The very finest scarlet bedder.

La Favorite.—In this new Geranium, introduced last year, we believe we have the finest double white Geranium in cultivation. It is a dwarf, compact growing variety, the foliage is a bright, healthy green, with a band of darker green encircling each leaf. The flowers are borne in large trusses, of the purest snow white, retain this pure whiteness even in the height of Summer, and for Winter blooming they are all that can be desired. While "White Swan" is a beautiful variety, yet La Favorite is quite in advance of it. Do not fail to add this charming variety to your collection.

Tour Eiffel.—Color bright orange scarlet, somewhat in the way of the variety Bruant. It is a strong, vigorous grower, making a distinct place for itself in its class. Semi-double.

Bed of Gold.—It is of a rich, golden orange shade, its large trusses opening freely, the habit being as free and robust as that of any other variety. The yellowest of all Geraniums.

Clara Kisker.—Large trusses of well expanded flowers of a bright scarlet, toned and flamed with a rosy salmon, and a flower of most expressive appearance, and one that will be much admired by all.

Alfred Tennyson.—Very large trusses, composed of very large flowers, semi-double. Color a clear orange, petals marked with heliotrope.

S. A. Nutt.—This is the darkest and richest Geranium grown. It is a very bright, dark, deep, rich, velvety maroon, an excellent bedder and a perfect pot plant. One that must find its way into every collection.

SPECIAL OFFER. Get Your Neighbors to Club with You and Get Your Collection FREE. Five Collections for \$4.00.

THE SIXTEEN BEST SINGLE GERANIUMS FOR ONE : : DOLLAR

Any Eight for 50 cents.

“WASHINGTON PARK”

COLLECTION OF SUN-PROOF BEDDERS.

SPECIAL OFFER.—Five Collections of these splendid Geraniums for \$4.00. Get your neighbors to send with you and get your collection free.

Electric Light.—The best new single Geranium we have seen. A beautiful shade of vermilion-scarlet, large and perfect form, its most distinctive feature from existing varieties is its perfectly pure white, large eye.

Christopher Columbo.—Enormous trusses and freely produced, a bright cinnabar orange color, very distinct and fine, a bushy growth.

Jules Ferry.—Splendid trusses on long, rigid foot-stalks, which are held above the foliage. The ideal of a bedder for massing. Color a soft scarlet, stands the sun finely, and presents a mass of brilliant and effective color.

Arc-en-Ciel.—Trusses extra large, immense florets. The shades are beautifully blended. The three upper petals have soft rose centers, shading into scarlet edges. Two petals are scarlet, then rose, then orange near the center. The texture is velvety.

Swanley Gem.—A grand new Geranium of the brightest shades of rich, dazzling scarlet, with a large, distinct white eye. A truly magnificent sort. It blooms very freely.

Pauline Luca.—Beautiful trusses of pure ivory-white. The purest white Geranium. A grand acquisition.

Leon Perault.—Our ideal bedding Geranium. Grows finely, but is not coarse, is completely covered with fine trusses of dark, rich scarlet. We pronounce this one of the best bedding varieties. In the way of the old Queen of the West, but with much richer flowers. Unquestionably a valuable bedder.

Copernic.—Florets perfectly round, a lively, beautiful shade of rosy-carmine, changing to bright salmon at base of petals, small, white eye. Very large truss of florets on long foot-stalks, a very noticeable color, quite distinct. First-class certificate of Royal Horticultural Society, London.

After-glow.—Light, clear salmon, blended darker shades, center pure white, edge of petal white. The yellowish-salmon gives it a peculiar shade seldom seen on Geraniums.

Poete Nationale.—Color as delicate pink as Rose Baroness Rothschild, deepening to a soft peach bloom, a mingling of shades heretofore found in the “Lady Washington” class. A perfect single Geranium of an entirely new shape.

Columbus Gem.—Extra large florets of perfect shape, form in large trusses, well above the foliage, a bright, varied pink, large, clear, white eye. It will prove a variety of merit.

Trophee.—Soft, rosy, flesh-colored flowers, tinted and tinged with dark lilac. A most novel color, and a variety charmingly distinct from all others.

Vive L’Amerique.—A fine specimen of the new combination, and white marblings of colors, heliotrope pink, with touches of purple. Flowers of immense size, habit dwarf, and very free. Fine trusses on long stems.

Renaissance.—Grayish-rose, with white center, upper petals flamed with orange, plant of splendid habit, freely bearing trusses of perfect form and large size. Distinct and fine.

M. Poirier.—Soft, vinous rose. Prettiest Geranium in this color. Markings on upper petals that remind one of fancy Pelargoniums. Florets medium-sized, medium trusses, very fine, distinct. First-class certificate from the Royal Horticultural Society.

THIS collection of Single Geraniums is the very best varieties from a careful selection of our unrivaled collection of one hundred and fifty kinds. You should try them. They will not disappoint you. Simply say “Washington Park Collection of Geraniums,” and we will understand what you want.

Souvenir de Mirande.—The greatest novelty in new Geraniums that has appeared for a number of years is undoubtedly Souvenir de Mirande. It is entirely distinct from any other varieties that have from time to time made their appearance. It has round florets, upper petals cream-white, with a distinct rosy-pink border, lower petals salmon-rose, streaked with pure lilac. A most novel color. It is extremely free-flowering, and produces fine trusses of magnificent blooms. Mr. John Thorpe says it has made a leap of a decade in its advent.

JOAN OF ARC.

GOLDEN BRONZE-LEAVED GERANIUMS. Price, 10c each; 3 for 25c.

Bronze Bedder.—New. Brightest and best of all. Grand.
Crystal Palace Gem.—Golden-yellow margin, central disc green.
Distinction.—The leaves are encircled with deep black.
Exquisite.—Large chocolate zone, golden-yellow center.
Marshal McMahon.—Golden-yellow zone of dark chocolate.
Zulu.—A bright yellow leaf, with almost black zone.

The set of six bronze-leaved Geraniums for 50 cents.

Our Splendid New Ivy Geraniums.

One of our local florists who grows for the home market a house full of these new Ivy Geraniums says that he sells as many of them as all other Geraniums combined. Try them.

The set of three new Ivy Geraniums for 25 cents.

New Double White Ivy Geranium, "Joan of Arc."—The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense glossy-green leaves making a most effective background for the great cluster of snow-white flowers. Price, 10 cents each.

New Double Ivy Geranium, Comtesse Horace de Choiseul.—A fit companion of "Joan of Arc." Plant vigorous, leaves without zones, flowers very large, two inches across, double and imbricated, in good trusses. Color is a bright golden-salmon. Price, 10 cents each.

New Double Ivy Geranium, Galilee.—The trusses are of immense size, flowers very large and double, and of a most charming shade of lovely rosy-pink, varied with lilac. A magnificent variety. Price, 10 cents each.

Golden Tri-Color Geranium, MRS. POLLOCK.

One of the most lovely of foliage plants. Color of leaves a bright, bronzy-red, zone belted crimson and edged golden-yellow. A lovely combination. Price, 15 cents each; two for 25 cents.

SILVER-LEAVED GERANIUMS.

PRICE, 10 CENTS EACH.
THE SET OF FOUR FOR 30 CENTS.

Madame Sallerol.—It makes a round, pretty plant, about one foot high and wide, foliage bright green, edged with pure white.

Snow Storm.—Dark green foliage, distinctly margined with white. A robust grower.

Mountain of Snow.—Strong grower, center of leaf bright green, broad, silvery-white margin, flowers scarlet. Good for bedding.

Happy Thought.—Light cream, almost white center, with a dark green band about the light zone, edge of leaf a bright green.

SWEET-SCENTED GERANIUMS.

Price, 10 cents each; three for 25 cents.

Balm-scented.—Delicious balm fragrance.

Nutmeg-scented.—Small leaves, with nutmeg perfume.

Rose-scented.—Two kinds, broad leaf and cut leaf.

Pepper-scented.—Fine cut foliage, pepper scent.

Oak-Leaved.—Resembling oak leaves, black center, green-bordered.

Shrubland Pet.—Beautiful foliage, rosy flowers.

Skeleton-leaved.—Leaves very finely cut, rosy fragrance.

PELARGONIUMS,

OR LADY WASHINGTON GERANIUMS.

We here offer four of the choicest new kinds of these, the most beautiful of all Geraniums. Price, 25 cents each; or the four varieties for 80 cents. You cannot buy these charming varieties as cheaply elsewhere.

Mrs. Robert Sandiford.—(*The New Double White.*) The flowers are three inches across, of the purest snow-white, and perfectly double, and very free in bloom. You cannot imagine anything prettier.

Madame Thibaut.—(*The New Double Pink.*) The flowers are three inches in diameter, perfectly double, of the brightest, pure pink, beautifully ruffled edges. Very free in bloom.

Victor.—The flowers are a bright cherry-red, with white at the base of each petal, the two upper petals are dark crimson-maroon. The flowers are of immense size and very freely produced.

New Ever-blooming Pelargonium, Freddie Dornier.—It is a perpetual-blooming variety, usually commencing to bloom in December or January, and continuing throughout the Spring and Summer. The throat and edges of the petals are pure white, each shaded toward the center with rich carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants to offer.

PELARGONIUM.

"Phenomenal" Collection of Fuchsias.

These are the very best varieties of the Fuchsias, and embrace all the colors known in this beautiful flower. Be sure and try them. In ordering, say "Phenomenal" Collection of Fuchsias, and we will understand what you want.

STORM KING.

PRICE, 10 cents each;

Three for 25 cents;

Or the 16 Fuchsias for \$1.00.

Any Eight Varieties

Of these Fuchsias

For Fifty Cents.

New Double Perpetual-flowering, Weeping Fuchsia, Storm King.

—This grand plant is of the most beautiful weeping habit. The branches, drooping as they do, lend the plant a charming grace which is rarely found. The buds, for two weeks before they expand, are balls of glowing scarlet crimson. The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing scarlet crimson as the buds, while the large double corolla is of delicate waxy whiteness, elegantly penciled with a deep and bright crimson. Its flowering qualities are most remarkable, for it is never out of bloom when it is in a healthy condition.

Sapaly Freres.—Color of sepals a bright coral red, corolla violet and carmine red. One of the most beautiful and distinct of the Fuchsias.

Crepuscule.—Superb double variety, a fine, straight grower, plants of good shape, color of tube and sepals dark red, corolla violet, striped with rose.

Champion of the World.—Large double flowers, well reflexed, and of a most beautiful coral red, corolla most intense bright, dark purple.

Bland's New Striped.—The tube and sepals are a glowing crimson, corolla a rich, plum colored purple, regularly and distinctly striped red rose.

King of Fuchsias, "Phenomenal."—The flowers are of enormous proportions, being very double, very broad and of great substance, well reflexed, of a most beautiful coral red, corolla an intense bright sky blue. This is without comparison as a novelty. The largest Fuchsia grown.

Admiral Courbet.—A beautiful sort with enormous double flowers. Corolla a peculiar shade of deep violet, tube and sepals a bright red. A splendid variety.

Esmeralda.—One of the grandest and most distinct varieties. Tube is short, sepals brilliant red, corolla very large and brilliant, color a beautiful lilac, changing to a clear rose.

Rosain's Patrie.—A splendid white variety, in the style of that fine variety "Col. Dominic." A wonderfully free bloomer and quite early. Tube and sepals rosy-carmine, corolla of the purest white.

General Roberts.—A remarkable, beautiful variety of drooping habit. The blooms are from four to five inches in length, borne in large clusters, single corolla, of a rich plum color, tube and sepals crimson.

President F. Gunther.—A grand sort, with large, double flowers, the sepals delicate carmine. The corolla is a bright lilac, darkened with violet. A beautiful and fine variety.

New Double White Fuchsia, White Giant.—The largest and best white Fuchsia grown. Fine form, very double. Color a pure white. This is a better grower than "Storm King," and superior to that variety, or in fact any of the white Fuchsias. We find it to be an excellent Winter bloomer. It gives us much pleasure to offer this grand Fuchsia.

Jules Monge.—New. Lovely sky blue, double corolla, banded with scarlet.

Jupiter.—New. One of the prettiest of all Fuchsias. Large, double flowers, of a clear magenta with dark crimson veins. Don't fail to try it.

Monsieur Thibaut.—A splendid variety, with large, handsome foliage of a delightful green tint. The foliage alone would make it worthy of cultivation. The flowers are single, of unusual size, sepals dark red, corolla rose vermilion, tinted violet.

Black Prince.—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of its bright buds and blossoms of a beautiful waxy carmine or pink color. Certainly a plant of easy culture.

PLUMBAGOS. 

PLUMBAGO, CAPENSIS ALBA.

New Pink Plumbago, Sanguinea.—The Plumbagos are very desirable plants for bedding or house culture, and are admired by all for their elegant trusses of bloom and the delicate colors of their flowers. The light blue and deep blue and white varieties are well known favorites, but with the new variety Sanguinea we have something that is entirely distinct and the prettiest of all Plumbagos. The trusses of bloom are larger than in the older varieties, often measuring ten inches in length, and of the loveliest bright pink or deep rose. Order one and be surprised. Price, 30 cents each.

Capensis Flora Alba.—This is a splendid novelty. The exact counterpart of Plumbago Capensis except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old, worthless white. One of the most satisfactory bedding plants out. We recommend this highly. Price, 10 cents each.

Capensis.—This produces large heads of light blue flowers. It has the most peculiar shade of blue of any flower in cultivation. Always in bloom, and an elegant bedder. Price, 10 cents each.

Lady Larpent.—This beautiful variety of Plumbago was first popularly introduced in 1890. Since that time it has so thoroughly pleased all who have planted it, achieved such great popularity, which, coupled with our own thorough tests and observations, demonstrates that it is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frost are covered with lovely rich violet-blue colored flowers borne in close terminal heads. (We had thousands in bloom on our grounds the past season as late as October 25th.) The foliage is unique, finely serrated and fringing the stems. We heartily recommend this fine variety for edging sidewalks, beds or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. Price, 10 cents each.

ANTIGONUM LEPTOPHUS, or THE "QUEEN'S WREATH."

A splendid climbing plant from Central Mexico, producing rose-colored flowers in racemes two feet long. The profusion of bloom is such as to give the resemblance of Roses at a distance; hence its name, *Rosa de Montana*, or Mountain Rose. Described by the discoverer as the most beautiful climber he had ever beheld. This is moderately hardy, with protection. Will live over Winter anywhere in the South. The vines are killed to the ground by frost, but it quickly shoots up in the Spring and develops its flowers from June until frost. This is one of the most lovely vines. One of our customers in Texas says in her Fall order that every lady who saw her vine in bloom wanted one. She says no one can describe its beauty. This is, without doubt, the finest climbing vine grown. Try it. Price, 10 cents each; three for 25 cents.

SANSEVERIA ZEALANICA. 

A new decorative plant of great beauty and value. A beautiful plant, splendidly adapted for the decoration of drawing rooms and halls, as it stands drouth and dust with impunity, and requires scarcely any water. The leaves grow to the length of three or four feet, and are beautifully striped crosswise, with broad, white variegations on a dark green ground. It is a rare and beautiful plant, which should be abundantly grown for positions out of reach of sunlight, where other plants will not thrive. When you consider that it can be placed in any position in any room and do well, its great usefulness is at once apparent. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both Winter and Summer. Though grown mainly for the beauty of its foliage, it is by no means an insignificant flowering plant. It blooms usually during May and June, sending up great plume-like spikes a foot or more in length. The flowers are numerous and composed of long, narrow petals, which recurve gracefully, and are of a creamy-white color. It is difficult to find a more unique or ornamental plant than this, especially when it is in bloom. These are beauties. Price, fine plants, 10 cents each; large, strong plants, 20 cents each.

SANSEVERIA ZEALANICA.

BEAUTIFUL AND RARE FERNS.

PRICE, 25 CENTS EACH.

SWORD FERN.

Nephrolepis Exaltatum.—(*Sword Fern*.) A really graceful Fern, multiplying very fast in throwing out vines, on which grow separate plants again. It is one of the most handsome Ferns. Does lovely planted in hanging baskets or vases, or charming as a pot plant. Try it.

Pteris Tremula, or Shaking Fern.—One of the finest Ferns for house decoration, growing very rapidly and throwing up large, handsome fronds. It makes magnificent specimens. Easily grown and very popular.

Pteris Nobilis.—A grand Fern for house culture. The fronds are drooping, with a peculiar luster.

Adiantum Formosum.—(*Maiden's Hair Fern*.) Sprays of delicate green, borne on jet black stems. An elegant sort.

RIVINA HUMILIS. 

A beautiful little plant with racemes of small, white flowers, followed by scarlet berries. In bloom and fruit the entire year. One of the prettiest plants we have in our greenhouses. Very showy. Price, 10 cents each.

PALMS.

The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during Summer. They are all grand plants, and of the easiest culture.

NOTICE.—It may be well to state here that young Palms do not resemble the illustrations given, as they do not show their character leaves until the second year, so that when you get your Palm plants and see long, narrow leaves instead of the character leaves, as shown in the illustrations, do not think that the wrong kind has been sent you.

A GREAT BARGAIN.

Four choice Palms, our selection,
 for 50 cents.

Cocos Weddelliana.—Undoubtedly the most graceful Palm yet introduced to our collection. The stem is slender, leaves long and very beautifully arched, leaflets or pinnae very fine, deep green above, white below. Price, 60 cents each.

Latania Barbonica.—The well known Fan Palm. This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully arching leaves are elegant and effective for apartment decoration. It is considered the handsomest and most valuable of all the Palms. Price, 25 cents each; fine large plants, \$1.00 to \$2.00 each.

Washingtonia Filifera.—A beautiful Palm is one of the finest additions that can be made to any collection of plants, but the high prices of the best varieties have prevented most people from possessing one. Then, again, there are but few of the best sorts which succeed well with ordinary window culture. It is, therefore, with pleasure that we are now able to offer one of the most beautiful sorts in existence, and one that is hardy and robust enough to succeed anywhere, at a price which brings it within the reach of all. All Palms of the fan-leaved sorts have, when young, leaves of a long, narrow shape, developing the round, fan-shaped ones as they grow older. Therefore, when you get your plant and see long leaves instead of round ones, do not think that a wrong sort has been sent you. Price, 10 cents each; three for 25 cents. Strong plants, 50 cents each.

OREDOXIA REGIA—ROYAL PALM.

Oreodoxia Regia.—(Royal Palm.) This favorite Palm is beautiful in all stages of growth. No plants more easily grown, and none more tenacious of life, enduring the dust, the cold and heat from open windows and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Leaves large, fan-shaped, of a cheerful green color; plant of hardy constitution, and adapted to all decorative purposes, within or without doors. The cut shows a healthy plant, about three years old. Price, 25 cents each; fine large plants, 60 cents to \$2.00 each.

Seaforthia Elegans.—A most graceful Palm, eminently adapted for decorating greenhouse and garden. Makes a fine window plant. Leaves long, gracefully arched, dark green, and the whole plant is perfectly smooth. Price, 25 cents each; fine plants, \$1.00 to \$2.00 each.

ARECA LUTESCENS.

Areca Lutescens.—A most elegant Palm. One of the best for general decorative purposes, easily grown, useful in every stage of growth, fine color, graceful habit, and pleases all. Price, 25 cents each; fine large plants, \$1.00 to \$2.00 each.

Kentia Fosteriana.—This is one of the finest pot plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are a deep, glossy green, fan-shaped, split deeply into segments. This is, without exception, the most hardy of its class. Very graceful for table decoration. Scarcely equalled. Price, 50 cents each. Strong plants, \$1.00 to \$2.00 each.

PHLOX, HARDY PERENNIAL.

The new French varieties all carry very fine, distinct, pure colors, in great trusses, many of them beautifully shaded and marked with very distinct, clear, bright eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants, while they are unexcelled in beauty. The improvement made in this beautiful class of plants is perhaps more marked than in any other section of the hardy herbaceous family. Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous flowers, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure whites and salmon, with their distinct eyes. Perfectly hardy everywhere. Price, 10 cents each; the set of seven for 60 cents. No further discount on this offer.

Phlox, Cross of Honor.—A beautiful light rose color, striped pure white. An excellent flower.

Flora McNab.—Pure white and free.

Lothair.—A brilliant salmon rose.

Princess de Furstenburg.—White, with carmine eye.

Sir E. Landseer.—Brilliant, dark crimson. Large, fine flower.

Stansted Rival.—Rose pink, dark crimson rays.

Triumph de Twickle.—A rosy magenta.

LILY OF THE VALLEY.

The Lily of the Valley is one of those delicate, sweet little flowers that not only easily win our love, but keep it forever. Put four or five or half a dozen of the pips or bulbs in a pot, and in about four or five weeks they will flower. In the Spring transfer them to the garden. Price, fine pips, 5 cents each; 40 cents per dozen.

ALOYSIA CITRIODORA.—Lemon Verbena.

Foliage delightfully fragrant. To simply brush against it is enough to scent an entire room with its delicious odor. Planted out of doors, it grows into a fine, large clump, and it can be taken up in the Fall and wintered over in the cellar. Price, 10 cents each; three for 25 cents.

LINUM TRIGYNUM.

A Winter blooming plant of great beauty, producing in the greatest profusion very large and very showy blooms of a bright yellow color. The plant is a complete mass of bloom for a long time during Winter, and is one of the most beautiful Winter bloomers it is possible to have. The flowers are about the size of a Morning Glory, and no matter how small the plant is it will bloom profusely. Price, 10 cents each.

CHINESE HIBISCUS. x x x

ELEVEN FINE VARIETIES.

Price, 10 cents each. Any three for 25 cents; or seven sorts our selection, 50 cents. We have large plants of Hibiscus nearly ready to bloom, for 25 cents each. These are handsome plants.

Hibiscus, Aurantiaca.—Large and double, with orange-colored flowers.

Grandiflorus.—Rich, glossy cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

Collerii.—Flowers buff-yellow, with a crimson-scarlet base. Peculiarly handsome and double.

Zebrinus.—Double, the outer petals scarlet, edged with yellow, inner petals are very irregular, curiously variegated with creamy-yellow and white.

Versicolor.—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter.

Sub-Violaceus.—Flowers of enormous size, a beautiful carmine, tinted with violet, probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take great pleasure in recommending this fine plant.

Magnificus.—A very large flower, and of perfect form. Color a deep magenta, ends of petal touched with brown, foliage finely toothed.

Senator Evans.—A beautiful double-flowered Hibiscus. The shape of its flower is identical with the Aurantiaca, and has the same purple markings at the base of the petals. The color of this variety, instead of being orange, is a bright lemon color.

Carmineus Perfectus.—Full, round flowers of perfect shape, and of a rich, soft carmine-rose, with a deep crimson eye. Fully six inches in diameter.

Double Crimson.—This grand variety has immense flowers of the richest crimson. Combined with glossy foliage renders it the best of all.

Chinese Giganteus.—This is a plant for house culture during Winter or Summer, or for planting outside during Summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson-scarlet color that they can be seen for a long distance, like a flaming torch. It is hard to find anything among flowers more strikingly showy. They can be wintered in the cellar or pit with perfect safety, and if one does not care to grow them all Winter, one should have one or two for Summer display. No plant is surer to grow and thrive under any treatment than this, and few can ever be so satisfactory.

SPECIAL OFFER.—We will send the entire set of eleven distinct kinds of Hibiscus for 75 cents.

GRAPE VINES. x x x

We will send ten choice standard sorts of Grape Vines, including Concord, Niagara, Brighton, Agawam, Merrimac, Ives, etc., postpaid, for \$1.00.

MOON FLOWERS. x x

The True Ever-Blooming Moon Flower, *Ipomœa Grandiflora.*—

We have the true variety, that blooms constantly. If planted out in rich ground, in a situation where it has full exposure to the sun, it will attain a height (if given a wire or string to twine on) of forty feet by October 15th, blooming abundantly the entire season. It is called "Moon Flower" from its rare peculiarity of blooming best at night, although it also expands its flowers in dull days. The flowers are pure white, from five to six inches in diameter, emitting a rich, Jasmine-like odor at night. The "Moon Flower" is a tender plant, but it can easily be kept in the house over Winter. It roots easily from slips, so that no attempt should be made to lift large plants. Price of the true "Moon Flower," 10 cents each; three for 25 cents.

Ipomœa Palmata (Mexican Moon Flower).—This is a tuberous-rooted vine, with large palmate foliage and perennial root, that increases in size from year to year. The vine climbs to a height of fifteen to twenty feet, and produces freely large clusters of rosy-pink flowers three and a half inches in diameter. Plants bloom from June until frost. The roots require protection in Winter like Dahlias. We usually keep them under the benches in the greenhouse. Price, 20c each.

Blue Moon Flower, Ipomœa Learii.—This makes a splendid companion plant to the white "Moon Flower." It is equally rapid in growth and as free blooming as the white variety, although blooming in the morning and dull days. The flowers are the most intense blue, with reddish-purple rays, and are six inches across. There is nothing of its color that exceeds in richness the flowers of *Ipomœa Learii*. Culture is the same as for the "Moon Flower." Price, 10 cents each.

The Hardy Day-Blooming Moon-Flower, Ipomœa Pandurata.—This is one of the most rampant growing vines in cultivation, having a large tuberous root that is perfectly hardy in Minnesota and Canada. The flowers, which are very large, are a pure, satiny-white, with a pinkish-purple throat, shading off deeper in the tube. The flowers are usually four inches in diameter—sometimes attain a diameter of five or even six inches. They are produced in large clusters, and in the greatest profusion from June to October. A strong plant will give more than one thousand beautiful flowers daily, for months at a time, being well distributed over the plant from near the base to the top, forming usually one of the grandest floral displays ever seen in any country. The root penetrates the earth so deep that it is not seriously affected by drouth or unfavorable weather conditions. Price, 20 cents each; three for 50 cents.

SPECIAL OFFER.—The four Moon Flowers for 50 cents.

PITTISPORUM TOBIRA. x x

An elegant hard-wooded Shrub. Hardy in the South. Makes handsome specimens, growing into a small tree in a few years. It bears small, white flowers in large bracts, or heads, which are so delicious in fragrance as to remind one of orange blossoms. Price, fine plants, 25 cents each.

SWEET PEA SEED. x x x

Fifteen packets of the best named sorts of Sweet Peas for 50 cents. All different.

CALLA LILIES.

CALLA ETHIOPICA. (*Egyptian Lily.*)

This is the well-known Egyptian Lily, or Lily of the Nile, with large, white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to us, as we are headquarters for them. We have three sizes. Price, small plants, to bloom next Winter, 10 cents each; strong, blooming bulbs, 25 cents each; extra strong bulbs, that will produce a dozen bulbs, 50 cents each.

CALLA RICHARDIA. (*Spotted Calla.*)

A plant with beautiful spotted leaves. It flowers abundantly during the Summer months, when planted out in the open border. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in Winter, and start in the Spring, like a Dahlia. The plant belongs to the same order as Calla Ethioptica. Price, blooming bulbs, 25 cents each.

THE BLACK CALLA.

The introducer says: "Its flowers are enormous, fully a foot in length. Color a clear, coal black, so intense that it really shows a brilliancy, and as may well be imagined, it is a flower of the most striking oddity and beauty. The bulbs are large, and should be potted in the Fall, and when growth commences set in a window. After blooming, the foliage will die down, and the bulb should be kept dry for replanting in the Fall. It is a native of the Holy Land. Treat the same as for White Calla Lily." This is a very beautiful Lily. We have flowered it extensively. It is coal black, and is a great curiosity. It is very scarce. Price of large flowering bulbs, 50 cents each.

NEW DWARF EVER-BLOOMING CALLA LILY.—The Most Wonderful of all Plants.

It is our good fortune to have come into possession of this most valuable of all Callas. The following facts will convince any one of its great superiority over the old sort: It is of dwarf habit, and does not grow tall and scraggy like the old variety, but is compact, with a great abundance of lustrous dark-green foliage. It is a true ever-bloomer, its flowers appearing in great abundance both Summer and Winter when grown in pots, or it will bloom profusely all Summer long in the open ground, and being potted in September will continue blooming without intermission all Winter. The same plant will grow and bloom for years without once ceasing, and the quantity of bloom which a good plant will produce is astonishing. It is estimated that six plants of the old sort will not produce so many flowers in the course of a year as will one plant of this new dwarf variety. A large plant is hardly ever without one or more flowers, and its dwarf, compact habit makes a much more desirable pot plant than the old variety. Its flowers are large size and snow-white in color. All in all, it is one of the most desirable plants we ever offered. Price, bulbs of blooming size, 50 cents each; extra large size, 75 cents each.

SPECIAL OFFER --- The four beautiful Callas, strong bulbs, for \$1.10.

CYCLAMEN, or PERSIAN VIOLET,

There is no more ornamental plant for greenhouses or parlor culture than the Cyclamen. It grows readily, blossoms freely, and remains a long time in flower. The soil should be equal parts of turfy loam, leaf mould and silver sand. Put in pots three times the diameter of the bulb in October. Keep them in a cool, light place, watering lightly until growth begins. Then water freely and give plenty of light and air. On the approach of cold weather remove to a warmer situation, the parlor or greenhouse, but keep near the light. The whole secret of growing Cyclamens to perfection is light, air and low temperature.

Cyclamen, Persicum.—The colors are usually white, tipped at the base with rosy-purple. Price, 10 cents each.

Cyclamen, Persicum Gigantum.—This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short, stout stems, and of immense size, often measuring, on well-grown bulbs, two inches in diameter. The foliage is also beautiful. Price, good bulbs, 20 cents each.

HARDY LILIES.

No class of plants capable of being cultivated out of doors possesses so many charms as the Lily. Rich and varied in color, profuse in variety, and of delicious fragrance, they are perfectly hardy and of the easiest culture, and no garden should be without a few of the best sorts.

Lilium Auratum.—(*Golden-rayed Queen of Lilies.*) This is the grandest Lily grown, and a never-failing delight. We take pleasure in showing it to people who have never seen it. It seldom fails to create a sensation. The perfume is exquisite—light, yet penetrating. Magnificent by daylight, but by moonlight a well-grown plant, carrying five or more blooms, is simply indescribably beautiful. Also known as "Gold-banded Lily from Japan." Price, 25 cents each; five for \$1.00.

Harrisii.—(*The Bermuda, or Easter Lily.*) Pot and treat the same as for Hyacinths. Each bulb will give from six to twelve flowers, in many cases many more. And not content with that effort, it often throws up a second stalk bearing flowers, thus continuing its season of beauty. The flowers are fully six inches in length, of the purest white, and of the most delicious fragrance. Price, fine bulbs, 20 cents each; three for 50 cents.

Candidum.—The well-known hardy garden Lily. Snow-white, fragrant blossoms. One of the best, and an established favorite. Price, 20 cents each; three for 50 cents.

Tigrinum Flora Plena.—Bright orange, spotted black, and very double. Price, 25 cents each; five for \$1.00.

Speciosa Rubrum.—A beautiful bright rose, spotted with a dark-velvety-crimson. Price, 25 cents each; five for \$1.00.

PEPEROMIAS. *x x x*

Peperomia, Metallica.—The "New Bronze Leaf Peperomia." Truly a beautiful pot plant, and fine as a bracket or bay window ornament. Price, 15 cents each.

Peperomia, Maculosa.—The leaves are distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Price, 15 cents each.

The two Peperomias for 25 cents.

NEW DWARF EVER-BLOOMING CALLA LILY.

Our "Columbian" Collection.

TEN FLOWERING BEGONIAS FOR 85 CENTS.

Price, 10 cents each, or the entire collection of ten varieties for 85 cents. Any five for 50 cents. In ordering, say "Columbian" Collection of Begonias.

We reserve the right, should our stock become exhausted, to substitute others equally valuable.

Rubra.—If you can have only one Begonia, let it be a Rubra. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral colored flowers as large as a hand. Medium sized plants are frequently seen with more than twenty such panicles at a time. Among the individual flowers you will find three distinct forms growing side by side.

New Begonia, Dewdrop.—In the new Begonia Dewdrop we have the best flowering Begonia ever obtained. Its graceful flowers are produced in profusion all during the Summer and Winter. It is a dwarf, compact growing variety, the foliage is a bright, glossy green, with shell shaped leaves and stems of light crimson. The blooms are produced in clusters of from six to eight florets, which are satiny white, with golden yellow stamens. When placed out in the sun during Summer, the color changes to a delicate shade of pink, with crimson stems, making a beautiful contrast. Unlike other Begonias. It is a profuse bloomer. Eighty-seven clusters of flowers have been counted on a single plant.

Bertha de Chateaurocher.—Next to Dewdrop this is the freest flowering Begonia we have. It blooms the year round, makes a handsome window plant with its beautiful foliage and bright, currant red flowers.

Begonia, Bruanti.—The leaves are so glossy they appear to have been triple varnished, shrubby, bearing sprays of delicate blossoms covering the whole plant.

McBethii.—Of the Weltoniensis type, with very deeply indented leaves, which are fine and small. Shrubby in growth and very free flowering, being constant the year round. A fine Summer bedding plant, if given a light soil and perfect shade. Put it among your ferns. White flowers, waxy in texture, carried in panicles.

Zebrina.—An erect-growing variety, with a beautiful profusion of pendant leaves. Besides its graceful form the leaf is distinguished by its glistening, silvery shading following the leaf, the body being a very dark, velvety green, underside plum color, vein green. Flower pure white. A beautiful variety.

Fuchsoides Coccinea.—Elegant free blooming variety. It resembles Hybrida Multiflora in growth. The flowers are a bright scarlet.

President Carnot.—The leaves are smooth, long, pointed and prettily blotched. The body of the leaf is a dark green, studded with bright silvery spots. Covered with handsome rosy white flowers. A splendid house Begonia, being of quick growth, and having both handsome flowers and foliage makes it very desirable.

FLOWERING BEGONIA.

Argentea Guttata.—Purple bronze leaves, oblong in shape, silvery markings, and in every way a most beautiful Begonia. White flowers in large bunches. Splendid for house culture.

Alba Perfecta Grandiflora.—A Begonia that has never been appreciated like it should be, as it is really elegant, and we doubt if there is a white flowered variety that equals it. The foliage resembles Rubra in shape, but is a lighter green, while the flower panicles are much handsomer. A pure white flowering Begonia. Try it.

TUBEROUS-ROOTED BEGONIAS.

TUBEROUS BEGONIAS.

These are among the very handsomest of our Summer bloom-

ing plants, flowering throughout the season, and as fine and varied in their colors as the Geranium family. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of a house, a covering of burlap or canvas, some six or eight feet above them, merely to throw off the sun's rays, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry; and during hot weather they will take two waterings a day. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until February or March, when they may be started again.

SINGLE.—White, Yellow, Crimson, Rose, Scarlet. Price, 20 cents each; three for 50 cents.

DOUBLE.—In the same colors. Price, 40 cents each; three for \$1.00.

REX BEGONIAS.

REX BEGONIA.

These Begonias have the handsomest foliage of any plant. Price, 20 cents each; three for 50 cents. All distinct varieties,

PANSY PLANTS.

DAHLIAS. ❧ ❧ ❧

Our Set of thirteen best "Fancy Dahlias." Price, 20 cents each, except where noted; or the entire set for \$2.00.

- New Dahlia, Snowball.**—We take pride in offering to our patrons this pure, snowy-white Dahlia. A splendid bloomer and large flowers, resembling giant snow balls. Price, for strong roots 35 cents each.
- Amazement.**—Yellow, striped crimson.
- Butterfly.**—Orange, tipped with scarlet.
- Crimson King.**—A rich, glowing crimson.
- Duchess de Cambridge.**—Blush, tipped and edged with dark purple, fine form.
- Deutscher Goldmeteor.**—A golden-yellow, with a broad crimson margin.
- Deutscher Turnergass.**—Crimson-scarlet, edged with white.
- Dom Pedro.**—Scarlet, tipped white.
- Fascination.**—A deep, rosy-lilac.
- Fanny Purchase.**—A fine, pure yellow.
- Flora.**—Deep purple, shaded lilac.
- Guiding Star.**—Pure white and of exquisite shape.
- Wacht am Rhein.**—Richest maroon.

MANETTIA BICOLOR. ❧ ❧ ❧

The most wonderful new vine or plant that has yet been produced. It blooms in Winter as well as Summer. It is both a rapid and beautiful climber. The flowers are from an inch to an inch and a half in length, of a most intense bright scarlet, shading into flame, tipped with the deepest golden-yellow, and covered with a thick scarlet moss. The blossoms remain on the plants for weeks before falling. Has our highest commendation. Send to us and get the genuine. We can usually send them in bloom. Price, fine plants, 10 cents each.

LANTANAS, or SHRUBBY VERBENAS.

The brilliant colors, robust growth and profuse blooming habit of the Lantana render it one of the finest bedding plants we grow. The flowers embrace all of the most delicate shades of orange, sulphur, creamy-white, etc., changing from one distinct odor to another as they increase in age and development. The varieties we have give a wide range of color, and include the most distinct and profuse varieties. Price, 8 cents each; six, our selection, for 40 cents.

PRIMULA OBCONICA. ❧ ❧ ❧

This is a charming new plant for Winter. In fact, we know of none that is better adapted to house culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its delicate sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. Price, 15 cents each.

CALADIUM ESCULENTUM. ❧ ❧

One of the most beautiful and striking ornamental-foliaged plants in cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves, often measuring four feet in length by two and one-half in breadth. Smooth, of bright green color, beautifully veined and variegated with dark green. The roots should be preserved in dry sand in the cellar during Winter, out of danger from frost. Price, three sizes, 10 cents, 25 cents, and 50 cents each. Our large size can only be sent by express.

APIOS TUBEROSA, or the Tuberous-rooted Wisteria.

A valuable hardy, tuberous-rooted climber, closely resembling the common Wisteria in vine and foliage, and having clusters of rich, deep purple flowers, which have a strong, delicious violet fragrance. Plant the bulb near a trellis, fence, tree, or any place where you may wish a climber. It blooms profusely. The bulbs are perfectly hardy, and should not be taken up over Winter. It is sure to give satisfaction. Price, 10c each; three for 25c.

EMPEROR PANSIES. ❧ ❧ ❧

Our Emperor Pansies are the best the world produces. They combine the choicest large-flowered sorts, both of European and American growers. It has been our aim to make this the finest strain of this favorite flower in existence. Price, 35 cents per dozen; \$2.50 per hundred. Seed of the Emperor Pansies 10 cents per packet.

NEW AND SCARCE GLADIOLI.

Price, 10 cents each; or the set of six for 50 cents.

- Charles Dickens.**—Delicate rose, tinted with buff, and flamed and striped carmine-rose.
- Cleopatra.**—Soft lilac, the lower petals of a darker hue, suffused violet-purple, feathered and blotched.
- Issac Buchanan.**—Beautiful canary-yellow, on a splendid spike of large flowers. The best yellow.
- Rio Leopold.**—Blush-rose, slightly suffused orange, and shaded currant-red, white blotch.
- Romulus.**—A very brilliant, glossy, dark red, large, broad, white line on lower petals, with a pure white blotch.
- La Candeur.**—Large flowers of purest white, lightly striped with carmine-violet. The nearest approach to a pure white.

FINE NAMED GLADIOLI. ❧ ❧

Price, 8 cents each; six for 40 cents.
The entire set of fourteen for 75 cents.

- Angele.**—White, showy and effective.
- Benard de Jessieu.**—Violet, shaded cherry and purple, blotch on white ground.
- Canarii.**—A light yellow, streaked with rose on the lower petals.
- Ceres.**—Pure white, spotted purplish-rose.
- Conde.**—Light orange-red, white blotch, feathered carmine.
- Ida.**—White ground, slightly tinted rose, flamed carmine-rose, lower petals light yellow.
- Jean d'Arc.**—White, tinged with rose, streaked carmine.
- John Bull.**—White, tinged with sulphur.
- Laura.**—Light orange-red, flamed carmine, white blotch.
- Le Poussin.**—A light red, white blotch, beautiful.
- Madame Mouneret.**—A delicate, lovely pink, with a white stripe in the center of each petal, carmine blotch.
- Marie Dumortier.** White, streaked rose, violet-purple blotch.
- Stella.**—White, tinged yellow and rose, flamed carmine.
- Thunburg.**—Light orange, shaded cherry, white blotch.

The entire set of named Gladioli, twenty sorts, including new set, for only \$1.00.

AZALEA INDICA. ❧ ❧ ❧

AZALEA INDICA.

One of the most gorgeous blooming families, together with the showiest of all greenhouse plants. The colors of the flower vary from the purest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanted. Success depends, however, on the degree of moisture in the atmosphere in which they live. We have a number of the best flowering sorts that will flower finely this coming Winter, both double and single-flowered, in any color desired. The plants we offer are magnificent specimens, the finest you have ever seen, and all will bloom this year. Price, 50 cents each; fine, large plants, three years old, 75 cents each.

N. B.—Be sure and try our Azaleas. They will not disappoint you. In ordering, name the color you wish. We can furnish them in the following colors: White, pink, crimson, salmon, rosy-lilac, and white, striped with crimson.

OTAHEITE ORANGE.

OTAHEITE ORANGE.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy deep green foliage, which has a decided odor of the orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much sought for blooms of Southern orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary orange, retaining in a marked degree their sweetness. This unique orange cannot be equalled as a Winter blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once, of this beautiful Orange, and commend it to our friends as a novelty of sterling worth and merit. Price, good plants, 10 cents each; large, strong plants, to bloom and bear profusely at once, 25 to 40 cents each, according to size.

CHINESE PRIMROSE.

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering it that no water gets on the buds, as it causes them to decay. In the Summer they can be turned out into a shady border. The plants we offer are fine, and the colors will please. We have them in white, pink, red, crimson, striped and blue. Price, 10 cents each.

HELIANTHUS. HARDY SUNFLOWER.

This fine plant will live through our Northern Winters with protection, or can be wintered in the cellar. Height three to four feet, and bears a profusion of perfectly double, bright golden flowers, about the size and form of a nice Dahlia, for which it is sometimes mistaken. One of the really good things which should be in every garden. Price, 10 cents each.

OXALIS. ORTGIESL.

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant, like a Geranium or Fuchsia without buds, in which respect it differs from other Oxalis. It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright, golden star-shaped flowers, which do not close at night, like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. The leaves are three-lobed, dark, olive-green above, and a beautiful shining metallic crimson purple underneath, and wine colored stems. This makes a truly novel plant, as well as a very beautiful one, and it is surprising to see what attention it will attract. Price, 10 cents each; three for 25 cents.

SOLANUM JASMINOIDES GRANDIFLORUM.

A beautiful new plant which inclines to a trailing habit, but never attains a greater height than three to five feet, and can be pinched back to the bush form. Its flowers are star shaped, like Clematis, and borne in enormous panicles, or clusters, often a foot across. In color they are pure white, with a violet tinge on back of petals and on the buds. In pots it is a fine bloomer, both Summer and Winter. But it is grander for outdoor culture. When trained against the wall or on a trellis, and showing hundreds of these magnificent panicles of bloom, it cannot be described. It is a free and constant bloomer, commencing when only a foot high, and, like the Manettia, its flowers keep perfect a long time before fading. No more beautiful object can be seen than these two vines growing side by side and mingling their profusion of bloom. Price, strong plants, 10 cents each; three for 25 cents.

MAMMOTH VERBENAS.

Our plants are grown with care and are very robust. New varieties are being constantly introduced and old ones discarded, so that it is difficult, and we might say useless, to offer a long list of named varieties. We offer these mammoth Verbenas in pure white, pure scarlet, striped and blue. Price, 8 cents each; four for 25 cents.

SMILAX.

For using as a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. Price, 10 cents each; three for 25 cents.

FANCY-LEAVED CALADIUMS.

These plants are especially valuable for decorating conservatories, window boxes, and as specimen plants. They are magnificent, planted in beds outdoors, nothing being more showy. The brilliant cardinal red, cream pink, white, and various shades of green that are displayed in the veinings and blotches of the leaves cannot be obtained in any other class of plants. For arranging floral baskets or table decorations they are quite as handsome as any flower. We have a fine collection of first-class distinct, brilliantly marked varieties. Price, well dried extra large bulbs, our selection of sorts, 35 cents each; three for \$1.00. These are the finest bulbs you ever saw of Fancy Caladiums.

SAXAFRAGA SARMENTOSA.

SAXAFRAGA SARMENTOSA.

A handsome plant of low habit, leaves nearly round and striped freely with silver bands, blooms white, of great beauty, and borne in spikes nearly twelve inches high. Fine for hanging baskets, vases, etc. Price, 10 cents each; three for 25 cents.

"Superb" Collection of Everblooming Dwarf Cannas.

These are the best varieties in cultivation. Always in bloom. They are not like the old varieties of Cannas that seldom flower, but are always covered with their large, handsome trusses of bloom. Be sure and give them a trial.

Price of plants to bloom this Spring and Summer, 15 cents each. The set of eight for \$1.00. Any four for 50 cents.

CULTURE.—The soil can hardly be too rich and porous. Equal parts manure, loam and sand, with a little peat, form best mixture. Plants must be kept in a growing temperature of sixty degrees. Liberal supplies of manure water are of great benefit. Always when growing keep well watered.

Florence Vaughan.—Conceded by all who have seen it to be the finest yellow spotted Canna. Flowers very large, of the most perfect form, with broad overlapping petals, nicely rounded at the ends. Color brilliant yellow, spotted with bright red. A strong, robust grower, and flowers very freely.

Egandale.—Without the least hesitation we pronounce this the best of all dark leaved Cannas for bedding that has yet come under our notice. Flowers are of good size, and borne in compact heads, and in such profusion that a bed of them is a perfect mass of color unequalled by any other sort. The color is a deep currant red, of a peculiar and pleasing shade, and different from any other.

Charles Henderson.—Glowing crimson color, but of dwarf habit, growing about three feet in height, and bearing its immense, compact heads of bloom erect and well above the foliage. The form of the flowers is very fine indeed, well opened and of good substance, standing the sun well.

Paul Marquard.—The individual flowers are large, and the flower spike very large, each flower standing out separately by itself. The flower is as fine as the finest orchid. The color is a bright salmon, with a carmine tint.

Alphonse Bouvier.—This is the grandest of all Cannas for outdoor bedding. It is a very luxuriant grower in good ground. It begins to bloom very early and is one continuous mass of crimson the entire season. The tips of the shoots are surmounted by immense clusters of bright crimson flowers of the very largest size, and nothing can excel their brilliancy.

Madame Crozy.—The color is a brilliant vermilion scarlet, bordered with deep golden yellow; the flowers are borne in great clusters, and in such profusion that they crown the plant with a blaze of glowing color.

Flamingo.—Flowers four inches in diameter, with almost flat face, forming a spike of glowing crimson color, once seen not soon to be forgotten; very free, a plant often bearing three or four trusses at a time, and may almost be termed everblooming from beginning to the end of the season.

FLORENCE VAUGHAN.

J. D. Cabos.—A strong grower, leaves lanceolate, green, strongly shaded with purple, flower stalks numerous, flowers large and round, color a rich apricot, with deeper shadings. Very striking.

Novelties in Cannas.

Austria.—The new Orchid flowered Canna. At last we have not only a clear, beautiful yellow flowered Canna, but also a flower magnificent in size, fully twice as large as Madam Crozy and similar kinds. The flowers are truly gigantic in size, the three upper petals spreading fully seven inches, and the form is really semi-double; toward the inner part the petals show fine crimson spots; all the rest of the flower is of a most beautiful, rich canary yellow. The plant is a very strong grower, five to six feet high, with leaves with a texture like rubber. As specimen, decorative, as well as a flowering plant for the greenhouse or private conservatory, it is the finest novelty in recent years. Price, 25 cents each.

Papa Canna.—M. Crozy claims this variety as his finest variety to date, and it certainly is a grand addition to the already gorgeous array of reds. It is not quite 3 feet high. It bears immense spikes of flowers, the florets being of the grandest size and finest form. Color pure red. Very graceful in habit. Foliage light green. Produces a mass of blooms. Price, 25 cents each.

Itala.—The gigantic flowering Canna. This kind produces the largest flowers which have been obtained as yet in the way of Cannas. The plant grows about $4\frac{1}{2}$ to 6 feet high. Numerous musa-like glaucous leaves. Above the perfect foliage, which alone would be sufficient to render the plant beautiful, emerge numerous elegant, gigantic and wonderful spikes of flowers. The latter are enormous. The outer petals are scarlet, with a very broad gold-yellow border. The inside of the blooms is scarlet and dark red. Exceedingly beautiful. Price, 25 cents each.

Queen Charlotte.—The sensation of the year in new plants; this is indeed a queen among Cannas and the finest novelty of the season, entirely distinct from any other variety offered. Flowers are very large, with broad, rounded petals, slightly recurved; they are borne in immense heads, well above the foliage, and are most striking in color. A bright orange scarlet, deeply edged with bright canary yellow. The plant is of dwarf habit, a sturdy, compact grower, with deep green musa-like foliage. Price, 25 cents each.

GRAND JASMINES.

Maid of Orleans.—In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxy-white appearance. Price, fine plants, 25 cents each. If you only have one Jasmine, let it be this one.

Grand Duke of Tuscany.—This Jasmine is very easily grown, even small plants bearing a profusion of very double, cream-white flowers, having a delicious perfume. It is a magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. It can be stored in a dry cellar in Winter. Price, 25 cents each; strong plants, 50 cents each.

Confederate Jasmine, Rhynchospermum Jasmimoides.—This makes an elegant hard-wooded climber, or can be trained in bush form. It bears large bunches of pure white flowers, with the most delicious Jasmine perfume. It is known in the South, where it is hardy, as the Confederate Jasmine. It will delight all. Price, 25 cents each.

Jasminum Gracillimum.—Exceedingly floriferous. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers. In bloom in the greenhouse from October to February. Price, 15 cents each.

Grandiflorum.—(Catalonian Jasmine.) It is from Italy. The flowers are pure white, star-shaped, and of exquisite fragrance. Price, 10 cents each.

Poetica.—Similar to the Jasmine Grand. Flowers smaller, but borne on larger spikes. Price, 10 cents each.

Revolutum.—A yellow-flowered Jasmine, nearly hardy and exquisitely fragrant. Price, 15 cents each.

Jasmine, Cape.—Well-known for its delicious fragrance and beauty of its flowers, which are white and double. Price, 15 cents each.

SPECIAL OFFER.—THE EIGHT JASMINES FOR \$1.00.

Jasmine,
Maid
of
Orleans.

NEW HELIOTROPE, THE QUEEN.

CESTRUM, or NIGHT-BLOOMING JASMINE.

Parqui.—A native of Chili. An excellent garden plant, growing rapidly. Foliage long and of deep green color. Produces its richly fragrant flowers at every joint. Sweet only at night. Well adapted to house and window culture. Price, 10 cents each.

Laurifolium.—A handsome plant, with large, glossy foliage and pure white flowers. Price, 10 cents each.

THE TWO CESTRUMS FOR 15 CENTS.

HELIOTROPES. ❧ ❧ ❧

Florence Nightingale.—Light lavender. Price, 8 cents each.

Snow Wreath.—Nearly white, large truss. Price, 8 cents each.

Queen of Violets.—Violet-purple, large eye. Price, 8 cents each.

NEW HELIOTROPES.

Souvenir.—In bloom it is exquisite. The deep lavender color of the flower contrasts admirably with the beautiful dark-green foliage. Price, 10 cents each.

The Queen.—For a neat, dwarf habit, profusion of bloom and richness of odor this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives us something entirely new in color, either for Summer decoration or Winter flowering. Price, 15 cents each.

The Virgin.—The introducer describes it as low-growing and with strong, luxuriant foliage. The flower is very large and of snowy whiteness. Price, 10 cents each.

THE THREE NEW HELIOTROPES FOR 30 CENTS

SOMETHING NEW AND VALUABLE.

SWAINSONIA ELEGANS.

The Prettiest Plant of any in Our Collection.

The prettiest all round plant for house culture we know of. It is of such easy culture that everybody succeeds with it. It is a rapid grower, and in a short time makes a handsome, compact bush, as it naturally grows into a shapely plant. The foliage is deep green, small, like shown in cut. It bears its panicles six inches long, of pure white, pea-shaped flowers in the greatest profusion, and of the sweetest fragrance. Indeed, it is as sweet in perfume as Sweet Peas. We have been cultivating it for the past two years, and it is seldom out of flower either Winter or Summer. Be sure and try it, as it will certainly please you. Price, 15 cents each; two for 25 cents,

SWAINSONIA ROSEA.

Same as above, but bright red flowers. Price, 15 cents each.

SPECIAL OFFER.—THE TWO VARIETIES FOR 20 CENTS.

STROBILANTHUS DYERIANUS. ❧ ❧

In offering this beautiful plant for the first time, we do so with great pleasure, as all who possess it have a floral beauty to be proud of. The leaves are quite tropical in size, overlaid with a rosy-purple cast, reminding us of changeable silk, the young foliage being very intense in color, while the older leaves assume a pale green, with occasional blotches of white, with a pale tint of rose color showing. New and valuable. It is also beautiful in bloom, with its Gloxinia-like flowers. Price, 20 cents each.

GLOXINIAS. ❧ ❧ ❧ ❧

These are among the most beautiful of all our Summer-blooming plants. The rosette of velvety-green leaves is surmounted with a cluster of lovely trumpet-shaped flowers as large as Gladioli blooms, the coloring is exquisite. The ground-work of many is pure white, with throats of blue, scarlet, rose, crimson, or velvety-purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of a bright color, with white throat. The bulbs should be started in a warm place, greenhouse, hot-bed or sunny window. They will bloom until late in Summer, when they should be dried off, letting the leaves die. The pots can be kept over Winter in a cellar free from frost. They are very easily grown. Give them a trial. Price, 20 cents each; three for 50 cents.

CROTONS.—The Crotons are among the finest decorative foliage plants known. The leaves of all are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain fashion, others broad and short, oak-leaved. Some recurve very much, others twisted, cork-screw like. Crotons love heat, sunshine and moisture. The Crotons are fast becoming one of our most beautiful bedding plants. Price, 10 cents each.

SWAINSONIA ELEGANS.

BRAZILIAN PLUME-PLANT.

JUSTICIA. Brazilian Plume-Plant.

Justicia, Carne.—Perhaps no plants have attracted so much attention in the last two years as the Justicia, or Brazilian Plume-Plant. The plant is a strong, rapid grower, and throws up long stems, on which are produced fine, plume-like, pink flowers, the ends of each petal drooping in a most charming manner. When the plants are a few months old they are literally covered with their beautiful blossoms. It does equally well either for house or out-door culture. Price, 20 cents each.

Justicia, Sanguinea.—Same as the above, except that it has red stems and flaming rose-colored blooms. Price, 15 cents each.

TUBEROSES. ❧ ❧ ❧

Double Tuberoze, Excelsior Pearl.—This variety is dwarfer than either of the other varieties in cultivation. Very large, pure white flowers, beautifully imbricated, delightfully fragrant, very double. Price, 15 cents each; six bulbs for 70 cents.

Double Tuberoze, Pearl.—The value of this sort over the common variety consists in its flowers being of large size, imbricated like a Rose, and of dwarf habit, growing only from eighteen inches to two feet in height, its short growth making it desirable as a pot plant or for Winter forcing. Price, 10 cents each; fifteen for \$1.00.

Double Tuberoze.—Its pure waxy color and delightful fragrance make it the most popular of all flowers for bouquets and baskets. Our bulbs are very fine, and we guarantee that all will bloom if properly treated. Price, 10 cents each; twenty for \$1.00; twenty-five by express for \$1.00.

CYPERUS ALTERNAFOLIUS. (Umbrella Plant.)

This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is, therefore, indispensable for aquariums or fountains. Try it. It is a handsome, easy-growing plant. Price, 10 cents each; three for 25 cents.

HYDRANGEAS. ❧ ❧

SPECIAL OFFER.—The seven Hydrangeas, good plants, for 75 cents.

New Hydrangea, Monstrosa.—This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free blooming qualities are unequaled by any plant we know of. The color is at first a deep, rich pink, gradually changing to almost a snow-white. Blooms have been measured fifteen inches in length by ten inches through. It is indeed an enormous and beautiful flower. **Price, 15 cents each.**

New Hydrangea, Stella Pimbriata.—This is the only double Hydrangea in existence. The individual flowers are perfectly double and resemble in shape small rosettes, a beautiful peach pink in color, very floriferous; flowers of the largest size. It is certainly a charming plant. **Price, 20 cents each.**

New Hydrangea, Red-branched.—(*Ramis Pictus*.) A valuable addition to the list of Hydrangeas, with dark red branches that brighten to a clear crimson color as they near the flower trusses. The plant is of robust habit, and produces freely immense heads of deep rose-colored flowers. A novelty of sterling merit that is sure to become very popular. This is by all odds the prettiest Hydrangea. **Price, 15 cents each.**

Hortensis.—The old favorite variety. Pink flowers, changing to blue in soils containing iron. **Price, 10 cents each.**

Thomas Hogg.—A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cemeteries. **Price, 10 cents each.**

Hydrangea, Otaksa.—A bright, rosy-pink, flowers, always perfect, and lasting, when in bloom, three to four months. Try it. **Price, 10 cents each.**

New Japanese Hydrangea, Paniculata Grandiflora.—A new, very striking and elegant hardy, flowering shrub, suitable for lawns, recently introduced from Japan. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses more than a foot long and nearly as much in diameter. It blooms in mid-Summer, and remains in bloom two or three months. It creates a great sensation wherever seen. Is scarce and difficult to obtain. The plant is of bushy and compact growth, attains a height of three to four feet. Perfectly hardy in all parts of the country. Needs no protection. **Price, young plants, 24 cents each; extra strong, two-year-old plants for immediate effect, 35 cents each.**

CLERODENDRON BALFOURI. ❧ ❧

A rapid-growing climber of great beauty. It can also be trained in bush form. The flowers, which are of a bright scarlet, are encased by a bag-like calyx of pure white, the trusses, or panicles, of flowers are upwards of six inches in length, and

CHINESE MATRIMONY VINE.

HYDRANGEA, MONSTROSA.

when trained upon trellises and hanging down have a rich and elegant appearance. Continually in bloom. A very satisfactory house plant. **Price, 10 cents each.**

CLEMATIS. ❧ ❧ ❧

These are charming vines that are perfectly hardy, and are too well known to need description. Our roots are extra strong, and will give great satisfaction. Blooming this Summer if planted early.

Duchess of Edinburg.—This is, without doubt, the best of the double whites. It is very free flowering and very fragrant. **Price, 50 cents each.**

Jackmanii—From four to six inches in diameter, intense violet-purple, with a rich, velvety appearance, and distinctly veined. The best. **Price, 50 cents each.**

Languinosa Candida.—The flowers are large, six to nine inches in diameter, almost pure white. One of the best. **Price, 50 cents each.**

Kermisens Bubra.—This beautiful Clematis is much sought after, but is very scarce. The color is a bright, rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. A grand variety. You should try it. **Price, 50 cents each.**

SPECIAL OFFER.—The four distinct kinds of Clematis for \$1.75.

GENISTA CANARIENSIS. (Fountain of Gold.)

This beautiful plant well deserves the great popularity it has gained in the past two years. The drooping branches are covered with delicate, sage-green foliage, and every twig is tipped with a long raceme of exquisite, pea-shaped blossoms of a pure canary color, almost hiding the foliage, and suggesting the name, "Fountain of Gold." A fine companion for "Swainsonia Alba." **Price, 20 cents each.**

GREVILLEA ROBUSTA. (Australian Silk Tree.)

A splendid decorative plant, much quicker growing than a Palm, and very effective, with its long, drooping, silky foliage, deeply cut, like a large, growing Fern, or a pinnated-leaved Palm. No window is complete without it. It is very easy to manage. Be sure and try it for your window. It cannot be excelled. **Price, 10 cents each; three for 25 cents.**

CHINESE MATRIMONY VINE. ❧ ❧ ❧

It is hardy everywhere. A vine for permanent effect, for shading a sunny window, covering an arbor or veranda, and for perfect hardiness cannot be excelled. Pale purple flowers and scarlet berries are constantly appearing from early Spring till late in the Fall. **Price, 15 cents each; two for 25 cents; five for 50 cents.**

Note.—Do not confound this with the old sort. The accompanying cut is a perfect picture of this valuable climber.

ABUTILON, SHOWER OF GOLD.

ABUTILON—CHINESE BELL FLOWER.

Price, 10 cents each; three for 25 cents.

- Shower of Gold.**—A beautiful dwarf growing variety, the whole plant being covered with a profusion of beautiful golden yellow blossoms.
- Souvenir de Bonne.**—New. One of the most valuable novelties of recent years; totally distinct, strong grower. Leaves beautiful green, regularly banded with gold, flower stem 8 to 9 inches long, bloom very large and bright orange red in color. A beautiful decorative plant, being of fine tree shape.
- Robert George.**—A free and continuous bloomer. Flowers are broad, their large, overlapping petals incurved, color orange, veined with crimson.
- Thompson's Plena.**—New. Perfectly double flowers that resemble in form a double Hollyhock. Color a rich, deep orange, shaded and streaked with crimson. Foliage variegated.
- Splendens.**—A beautiful velvet crimson.
- Scarlet Gem.**—A rich, bright scarlet.
- Madame Chobert.**—Very dwarf grower and the blooms literally cover the plant. Of a clear pink shade.
- Snow Storm.**—Pure white flowers and bloom freely. Dwarf.
- Eclipse.**—This is an elegant foliage plant, and one of the prettiest we know. It is new, and the flowers, which are produced in profusion, set the plant off to good advantage.

CAMELLIA JAPONICA.

Leaves glossy green, flowers of exquisite beauty and waxy texture; from pure white to crimson, in a most endless variegation, the pure white ones generally prized above the colored varieties. Culture is nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Time of blooming is Winter and early Spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We have a fine assortment of those named below.

Price, for large, strong plants, 60 cents each.

- Camellia, Alba Plena.**—Double, white, very fine, the best white.
- Americana.**—Blush, mottled with rose.
- Caleb Cope.**—Clear blush rose. One of the best.
- Fimbriata.**—Clear white, with the petals finely fimbriated.
- Jenny Lind.**—White, with pink stripes.
- Lady Hume's Blush.**—Flesh color. Extra fine.
- Sarah Frost.**—Bright crimson. Fine.
- Queen of Denmark.**—Salmon rose, fine form.

FOUR * BEAUTIFUL * VIOLETS.

Of all delightful perfumes that of Violets is the most delicate and pleasant, and places the modest little blue flowers among our greatest favorites. Violets grow and bloom during the dead of Winter with no trouble whatever, if given a cool situation, but will not succeed in a warm place. The following four sorts are the best of all the Violets, and are all distinct in color.

- Lady Hume Campbell.**—This is the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color a lovely shade of the richest intense blue. A charming contrast with the white variety. Price, 15 cents each.
- New Violet, California.**—This beautiful single flowered Violet has created a decided sensation. It was raised in California, where it is cultivated by the hundreds of acres for cut flowers. Buyers prefer it to all others. It is entirely hardy and of the richest dark blue and very fragrant. Price, 15 cents each.
- New Double White Perpetual Flowering Violet, Swanley White, or Queen of Fragrance.**—Of all the white Violets this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly, and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. Price, 10 cents each.
- Hardy Double English Violet.**—This Violet is entirely hardy, perfectly double, a deep violet purple color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far excels it in its delightful odor; this is one of its greatest merits. It is entirely free from disease of any kind, will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. Price, 15 cents each.

The set of four lovely Violets for only 40 cents.

OLEA FRAGRANS, OR TEA OLIVE.

One of the most desirable flowering shrubs of Southern gardens, and also a favorite house plant in the North. Has deep green foliage similar to the Camellia. The white flowers, although small, are produced in great profusion, and emit the most pleasing fragrance. It has been well said that each individual bloom has more sweetness than the most fragrant Lily. The blooming period begins in the Fall and lasts for several months. It is of easy culture, and especially desirable as a window plant. Nice plants, Ten to fifteen inches high. Price, 40 cents each.

MONTHLY, OR EVER-BLOOMING

The Latest Splendid Novelties. ○

CARNATION PINKS.

Both the "Bouquet" and "Excelsior" collections of Carnations, sixteen most distinct sorts, for only \$1.00. You cannot duplicate these for this sum elsewhere.

"BOUQUET"
COLLECTION
OF NEW : : :

CARNATIONS.

Price, 10 cents each. The entire set of eight "Bouquet" Carnations for 60 cents.

President Garfield.—This is by far the grandest dark Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with the richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Roses.

Della Fox.—Its color is almost indescribable. Of a rosy, orange shade, striped and flaked with carmine, never bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in a colored Carnation nowadays. It is very easily grown and sure to bloom.

Silver Spray.—We believe this to be the finest new or old White Carnation in cultivation. The flowers are of the purest white, with petals of great substance, making it one of the best. It will keep a long time when cut. Fragrant and very productive of bloom, and, in all, one of the best pinks for Winter blooming.

Abundance.—Flowers very large and perfect in form. Color a bright, rosy pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

Fairy Princess.—This is the most beautiful Carnation we know of. The flowers are very large and perfect in shape. The color is a pure snow-white, delicately penciled with bright crimson. Elegantly fringed. A charming variety.

Field of Gold.—This is a pure yellow Carnation, of strong growth and very profuse flowering. There is no stripe at all in it, being a straight out-and-out deep, rich, golden-yellow, without any other color whatever, under any circumstances. The florets are large and double, as in Buttercup, and, taken all in all, it is the very best yellow Carnation out.

Jubilee.—Very dwarf, and of a nice, bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfect-

ly-formed flowers. Color a rich, bright, dazzling scarlet. We unhesitatingly recommend this sort.

Yellow Jacket.—The color of the flower is orange, flaked, and is broadly striped with delicate carmine. Very bright and attractive. Very fragrant. It has proved one of the freest bloomers within our knowledge, single plants often carrying forty to sixty buds and blossoms at one time. One of the very best varieties.

"EXCELSIOR" COLLECTION OF

NEW CARNATIONS.

PRICE, 10 CENTS EACH.

THE ENTIRE SET OF EIGHT "EXCELSIOR" CARNATIONS FOR 60 CENTS.

Sunrise.—An entirely distinct color, orange ground, striped with crimson, flowers full, double-fringed, and of rich color and fragrance, unsurpassed by any variety in its profusion of bloom, and of a strong, vigorous, healthy growth, hitherto unknown in the yellow or orange colors. A variety certain to become a standard sort, as it possesses every good quality.

Secretary Blaine.—Another grand Carnation, with enormous-sized flowers, often measuring three and a half inches in diameter, and at the same time being one of the freest blooming Carnations we have ever seen. Ground color of flower the purest white, very handsomely penciled with the richest crimson.

Rose Queen.—One of the most fragrant Carnations we have seen. Color a pure, soft rose, a most continuous bloomer and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

Helen Keller.—A most superb Carnation, one that has created a sensation everywhere. The flowers are very finely shaped, and they often measure four and one-half inches in diameter. Flowers a pure white, with distinct markings of Carnation-red.

Alaska.—This beautiful white Carnation is remarkable for its extremely vigorous growth, very large flowers, perfect shape, purest white. Indeed, for size and freedom of bloom, purity of color, which is immaculate, sweetness of perfume that is delicious, vigorous growth, this variety has no equal. The best white by far out of a dozen varieties we have of that color.

Armazindy.—The "Pink of Perfection." Probably the most beautiful Carnation yet introduced, and must become very popular. Flowers are a pure satiny-white, and marked and shaded with rosy-pink, good size, perfect form, never bursts. It is the strongest and sweetest scented Carnation we know. A perfect beauty.

Anna Webb.—The color is of the darkest and most intense velvety-crimson maroon, very dark, and at the same time very bright.

Grace Fardon.—This variety has been greatly admired wherever it has been seen for its desirable color, being a beautiful, pure, rich pink, flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

CACTUS.

Queen of Night Cactus.—Decidedly the grandest flowering plant in cultivation. Imagine a dozen flowers unfolding with the setting sun their hundreds of white, wax like petals, encircled by a wreath of gold, in continual motion! Imagine such a flower three feet in circumference, perfuming the surrounding air with the most delicious fragrance known! Does it not deserve its royal title? It grows and blooms with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. We have the genuine variety, the only one with fragrant flowers twelve to twenty inches across, and can furnish one-year-old plants. Price, by mail, 10 cents each.

Lobster Cactus.—Fine winter bloomer, beautiful pink flowers. Blooms when quite small. Price, nice plants, 10 cents each.

Stapelia Serpentina, or "Star Fish Cactus."—The flowers are the shape of a star fish, of a chrome yellow color, covered with brown spots, like a serpent's body; hence its name. Price, strong plants, 10 cents each.

STEPHANOTIS FLORIBUNDA.

This is, without question, a grand vine. It can only be grown from seed, and it seeds so rarely that the plants are always scarce. It is a rapid grower, with hard wood and thick, leathery leaves. The flowers are pure waxy white, borne in large clusters, and of the most delicious perfume of any flower; the fragrance is indeed charming, something like the Lily of the Valley, only sweeter, if that were possible. We have been fortunate to secure some seed from the West Indies, and have grown a good stock of fine plants, which we offer at the low price of 25 cents each, or two for 40 cents.

Abridged List of Flower and Ornamental Plants. Lack of space prevents us from giving extended descriptions of the following well known and useful plants.

	PRICE, EACH.
Ageratum. —Blue and white.....	5c
Asclepias. —Large heads of white flowers; valuable.....	5c

Spider Lily. —The most beautiful of all Lilies.....	20c
Vinca. —Lovely vines for baskets; two sorts.....	10c

Hardy Shrubs and Climbers. XXXA SELECTION OF THE BEST.

RHODODENDRON.

One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich, or glossy-green, are surmounted by scarlet, purple and white clusters, each cluster is large enough for a bouquet. The display is worthy of admiration. The plants we offer are from twelve to twenty-four inches high, well established—many of them set with buds. The colors are bluish, rosy crimson, dark scarlet, lilac, crimson, purple and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. Price, fine, large plants, two feet high, with large, branching head, with from eight to ten buds sure to bloom this Spring, \$1.00 each. If Rhododendrons are to be sent by mail, add 25 cents for postage for each plant.

ASTILBE JAPONICA.

Hardy everywhere, growing about two feet high, in compact shape with handsome foliage, from above which rise its panicles of small, feathery, white blossoms, the embodiment of grace and delicacy. Price, 15 cents each; two for 25 cents.

AZALEA MOLLIS.

The most brilliant and showy of all hardy shrubs—exceeding even the Rhododendrons—and entirely hardy without protection in all situations. The bloom, which varies in color from the most intense rosy crimson to lemon yellow, literally covers the compact, spreading plant, forming a huge bouquet, which remains in perfection for a long time in May and June. Massed, they produce an effect that is actually dazzling. Price, good plants, 50 cents each.

PEONIES.

The Pineys of our mothers' gardens. Hardy. We offer a splendid assortment in twelve distinct varieties. Price, 25 cents each; five distinct kinds for \$1.00.

HARDY SCOTCH, OR SWEET MAY PINKS.

These are the Pinks of our mothers' gardens. They are dwarfier than the Carnation, growing about one foot in height, the colors being of the various shades of ma oon, carmine and rose, beautifully laced and banded on white ground. The flowers are perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. Price, 10 cents each; three distinct colors for 25 cents.

CALYCANTHUS FLORIDUS.

The old fashioned, sweet scented shrub. A very compact growing bush, producing its highly scented flowers in Spring-time. A universal favorite. It is sometimes called "Strawberry Shrub," from its delicious odor. Flowers dark chocolate brown. Price, 15 cents each; two for 25 cents.

WHITE DAY LILY.—FUNKIA ALBA.

The Funkias all make handsome, showy plants, and this is the best of its class. Beautiful, broad, ovate leaves, with large, lily-like, pure white, fragrant flowers. Price, 20 cents each.

HONEYSUCKLES.

Honeysuckle, Aurea Reticulata.—(Golden-leaved.) A variety with beautiful, variegated foliage. Price, 10 cents each.
Chinese Evergreen.—Blooms nearly all the season, deliciously fragrant, flowers buff, yellow and white. Price, 10 cts. each.
Hall's Japan.—This is the most constant bloomer of the class, being literally covered all Summer with beautiful yellow and white flowers. Price, 10 cents each.
Belgian, or European Sweet Scented.—A fine, hardy grower, flowers large and exceedingly sweet, color buff, yellow and red, a constant bloomer. The finest Honeysuckle, suitable for trellis or pillar. Price, 15 cents each.
Scarlet Trumpet, or Red Coral.—A rapid grower, bright red, with trumpet shaped flowers. This is the old, well known variety. Price, 15 cents each.

HYDRANGEA, PANICULATA GRANDIFLORA.
 The finest white-flowering shrub in cultivation. Price, 15 cents each; large plants, 35 cents each.

WEIGELIAS.

Rosea.—A most charming shrub. It cannot be too highly recommended. Flowers large and rose colored, borne in such profusion that the whole plant appears a mass of lovely blooms. Price, 15 cents each.
Variiegated Leaved.—Deep green leaves, broadly margined yellowish-white. Very striking and pretty. Flowers same as above, but of smaller growth. Price, 15 cents each.
Candida.—This is the very best of all the white-flowered Weigelias. A strong, upright, erect grower, flowers pure white and produced in great profusion in June, and continues to bloom through the entire Summer. Price, 15 cents each.

CLEMATIS PANICULATA.

Probably this is the handsomest of all hardy climbers. Needs no care and soon grows into an object of great beauty. Pure white flowers entirely covering the vine. Price, 25 cents each.

AMPELOPSIS VEITCHII.—BOSTON IVY.

A beautiful, hardy climbing plant of Japanese origin. This is one of the finest climbers we know of for covering walls, as it clings firmly to the smoothest surface, covering it smoothly with overlapping leaves, which form a perfect mass of foliage. The color is a fresh, deep green in Summer, changing to the brightest shade of crimson and yellow in Autumn. It is quite hardy, and becomes more popular every year. Price, 15 cents each.

The Best New Sweet Peas.

SWEET PEAS.

Most deservedly have Sweet Peas had a new impetus given to their popularity by the introduction of beautiful new varieties the last few years. So extremely fashionable have they become that we now sell thousands of pounds of seed where we formerly sold a few hundred. Each year we have been making extensive

trials of the new varieties, and can recommend the extremely beautiful new named varieties in the following list of "Best New Sweet Peas."

Price, 5 cents per packet; 15 cents per ounce; one-fourth pound, 50 cents.

- Boreatton.**—A very fine, dark Pea, with bold, stout flower, color deep maroon. Distinct and beautiful.
- Iss Eckford.**—Creamy-white, suffused with rosy-pink.
- Orange Prince.**—Of rare beauty; bright orange-pink, flushed scarlet; wings rich rose, veined with pink.
- Splendour.**—Rich, bright, pinkish rose, shaded with crimson; flowers large, of finest form. Certificate from Royal Horticultural Society.
- Purple Prince.**—Maroon standards, shaded with bronze, and purple blue wing. Very fine and superb.
- Queen of England.**—Grand; pure white flowers of extra large size and especially choice.
- Prince of Wales.**—Shaded and stained with mauve on a white ground in the most pleasing manner.
- Duchess of Edinburgh.**—(Autumn Tint.) Very beautiful, standard light scarlet, slashed with crimson, slightly margined at the edge with cream-white, wings tipped with rose.
- Apple Blossom.**—Bright rosy-pink blush. Extra fine.
- Primrose.**—A near approach to a yellow Sweet Pea, quite novel and distinct in color. The standards and wings pale Primrose-yellow.
- Miss Blanche Berry.**—It bears large pink and white flowers, richly fragrant and produced in the greatest abundance for a long time.
- Cardinal.**—Crimson-scarlet. Extra fine.
- Mrs. Gladstone.**—Delicate pink standards, wings blush, edged with delicate pink. Exquisite.
- Delight.**—Wings white, standards white, beautifully crested with crimson. Small, but very pretty.
- Empress of India.**—Clear rosy-pink standards, white wings, large and very pleasing.

All of the foregoing are 5 cents per packet; any six packets for 25 cents; or we will send the entire collection of fifteen varieties for 50 cents. A wonderful offer.

Eckford's New Sweet Peas.—(Finest Mixed.) Besides the varieties in the above list of Mr. Eckford's raising, this mixture also includes seed of several others of Eckford's new varieties, giving many new and beautiful varieties which heretofore have been too rare to include in mixture. Price, 5 cents per packet; per ounce, 15 cents; one-fourth pound, 40 cents; per pound, \$1.25.

All New Sweet Peas Mixed.—This is our own mixture of all the above and other distinct named varieties. We can recommend it as the finest strain of Mixed Sweet Peas ever offered. The seed is now so cheap that lovers of Sweet Peas should plant it by the pound. Price, 5 cents per packet; per ounce, 10 cents; one-fourth pound, 30 cents; per pound, \$1.00, postpaid.

GOOD & REESE'S INTERNATIONAL MIXTURE OF PANSY SEED.

The results of our observations of the various strains produced, and of the favorites in our market, prompted us to prepare and introduce in 1888 our **INTERNATIONAL MIXTURE**. It has proven more popular than we could have reasonably expected, and we may honestly claim it to be to-day not only the best, but the most widely known and admired. It contains, besides all the leading kinds of commerce, seeds of the Giant Bugnot, Cassier, Trimardeau, with flowers measuring when well grown three inches in diameter, and such beautiful colors as gold, bronze, silver-edged, marbled, mahogany, spotted, claret-red, and many others. Our **International Mixture** will produce for you, as it has for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. Price, 10 cents per packet.

International Pansies in separate colors at 5 cents per packet, or the entire collection of fourteen varieties for 50 cents. Be sure and try them.

INTERNATIONAL PANSY PLANTS, 5 cts. EACH;
35 CENTS PER DOZ.; THIRTY-FIVE FOR \$1.00.

- Azure Blue.**—Very fine; a beautiful shade.
- Bronze Color.**—A new and striking color.
- Cliveden Purple.**—A rich, dark purple.
- Dark Blue.**—Rich and lasting.
- Fawn Color.**—A beautiful shade of fawn.
- King of the Blacks.**—Almost coal black. A beauty.
- Mahogany Colored.**—A beautiful color.
- Marbled Rose.**—A combination of colors on various grounds.
- Yellow Gem.**—Generally true to color.
- Brilliant.**—Bright coppery colors, but not strictly red.
- Striped and Mottled.**—Fine and exceedingly beautiful.
- Violet Queen.**—White border, resembling fancy Geraniums.
- White Wings.**—White, with black eye.
- Yellow Margined.**—Beautiful. Margins or belt of yellow.

*Rudbeckia
Laciniata, fl. pl.
"Golden Glow."*

OFFERED for the first time two years ago. A hardy perennial plant growing eight feet high, branching freely, and bearing by the hundreds, on long, graceful stems, exquisite double blossoms of the brightest golden color, and as large as Cactus Dahlias. The cut represents a plant in bloom, as photographed. Mr. William Falconer, the best authority on plants in this country, says of it: "When I saw the double flowering form of *Rudbeckia Laciniata* in bloom in your grounds last year I was amazed, for notwithstanding my long and intimate acquaintance with plants I had never before seen a double-flowered *Rudbeckia*; and I was delighted with the fulness and gorgeousness of the blossoms and their clear, bright yellow color. You gave me a plant last Spring, and it was set out in good garden ground. It grew vigorously, and threw up strong branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair *Chrysanthemums*, and all having an elegant, graceful appearance, without any of the stiffness in habit or blossom peculiar to sunflowers. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine, I unhesitatingly regard it as the most desirable introduction among hardy perennials since we got *Clematis Paniculata*." It is the most effective flowering plant for August and September in cultivation.

Price, 15 cents each; two for 25 cents.

SLUG ; SHOT : KILLS : BUGS.

A Cheap Powder Destructive to Insects

that are injurious to house and garden plants, shrubs, trees, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880, with safety to man, beast and fowl. Put up in perforated screw-top canisters, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your Rose bushes, we recommend you to try this. It does its work quickly and thoroughly.

PRICE, 50 CENTS PER CANISTER.

Sent by mail, postpaid, on receipt of price.

How to Grow Flowers.

A Monthly Journal
Devoted to
Successful Floriculture.

All About the Way to Make Plants Grow and Bloom.

WITHIN the past year thousands of our customers have subscribed for **HOW TO GROW FLOWERS**. All who have done so are greatly pleased with the journal. It is by far the best publication devoted to flowers, and is indispensable to any one who would have complete success with plants. The magazine will be bigger, brighter and better than ever during the coming year, and we want every one of our customers to subscribe for it.

HOW TO GROW FLOWERS is a large sixteen-page magazine, published monthly, and devoted entirely to floriculture. It tells what to do, how to do it, and when to do it, in order to grow flowers that thrive and bloom. Its articles are plain and practical—the experience of those who grow flowers with success. Departments devoted to Answers to Questions and Hints for the Month are of special value. Mr. John M. Good, president of the Good & Reese Co., is a regular contributor, as are also other members of our firm. A series of very valuable articles on The Rose, written by Mr. Good, is now being published. **HOW TO GROW FLOWERS** is beautifully printed and elegantly illustrated—using fine half-tone cuts made from photographs.

AN UNPARALLELED OFFER!

By reason of our work as general agents for this great magazine, we have been enabled to make a special arrangement with its publisher under which we can present our customers a combination offer of unequalled liberality. For only 50 cents we will send **HOW TO GROW FLOWERS** one year and the following great collection of plants, seeds and bulbs:

1 Rose, Pink Souper; 1 Chrysanthemum, Edward Hatch; 1 Carnation, Jubilee; 1 Tuberosus Begonia, 1 Cinnamon Vine, 1 Otahete Orange, 1 Apios Tuberosa, 1 Umbrella Plant (Cyperus Alternafolius), 2 Choice and Rare Gladioli, 2 Double Dwarf Tuberoses, 1 Packet Choice Nasturtium Seed, 1 Pkt. Fine China Aster Seed, 1 Pkt. Mixed Phlox Drummondii, 1 Pkt. Selected Pansy Seed.

SIXTEEN CHOICE PLANTS AND BULBS,
HOW TO GROW FLOWERS ONE YEAR,

ONLY 50 CENTS.

For full descriptions of the plants, etc., in this collection, see body of catalogue.
HOW TO GROW FLOWERS one year, without this collection, only 25 cents. Order without delay.

Address **THE GOOD & REESE CO., SPRINGFIELD, OHIO.**
